Pact Ends Hancock's School Boycott

BUSES BEGAN ROLLING AGAIN this morning with settlement of a dispute which had hampered operations in the Hancock County school system. The students above are disembarking at Chester Junior High School.

School buses rolled this morning, transporting Hancock County students to schools which are being heated and cleaned by regular service personnel.

The nearly two - week boycott of work assignments by approximately 125 school service employes ended following an agreement reached late Wednesday night.

But its terms, custodians in the schools will be paid $2.70 an hour, with bus drivers receiving an additional 15 cents an hour and junior and senior secretaries an additional 4 cents an hour.

—:—

IN THE adjustment for bus drivers, the 15 cents will apply to those whose present wage falls between the $3.09 to $4.09 hourly scale. Drivers who are in the top bracket of $4.09 received an increase of 10 cents, while those at the $3.09 level were not increased this year.

The 15-cent increase was arrived at by granting the 10-cent increment increase the drivers would have received plus an additional 5 cents on the hour.

The 10-cent increment was not given this year when the bus drivers' salary was frozen at the present level. The freeze has been scrapped as well as a $2.77 pay scale that was to go into affect this year for all bus drivers hired in the future.

Custodians who had received $2.40 an hour and under the recently - adopted pay scale were to receive $2.51 an hour now will receive $2.70 an hour.

The custodians will work 40-hour weeks the year round and overtime will be authorized only on recommendation by the school administration.

Dr. Vernon Wyland, school superintendent, said the agreement was reached at approximately 11:30 p.m. Wednesday following nearly three and a half hours of negotiations.

He said the meeting of the school administration and the service personnel was called by the school employes' legal counsel and the meeting was held at the attorney's office.

★ ★ ★ Bus Travel Resumes ★ ★ ★

THE SCHOOL administrator said the new wage scale was effective as of Nov. 1, but that it was agreed that service employes would not be paid during the time they boycotted their job assignments.

It was further added the bus drivers would not be guaranteed a 40-hour work week as requested, but would be employed at maintenance jobs outside their driving schedules whenever possible.

The maintenance work had been done by the drivers in the past and will be continued where possible.

Dr. Wyland noted that "overtime, as a way of life in the school system, is at an end."

He went on to say, overtime will be allowed only after it is authorized by the school administration.

Dr. Wyland said studies are under way to adjust salaries upward of some of the individual employes who have unique jobs within the system.

—:—

THE SCHOOL administrator noted the district has gained from this work dispute. He said "each side was able to see the problems faced by the other." Dr. Wyland added "the school administration has been guaranteed by the Hancock County School Service Personnel Association that all buildings will be cleaned properly."

'Finagling' Charged In Illinois Vote

Official Canvass Starts Where Nixon Clinched Election

CHICAGO (AP) — The official vote canvass begins today in Cook County (Chicago) amid charges by both major parties that there was vote finagling in an election which gave Richard M. Nixon the presidency on the strength of Illinois' 26 electoral votes.

Mayor Richard J. Daley, who, as head of the Democratic party machinery in Illinois has sometimes been accused by his opponents of finagling with election returns, said Wednesday the official count "might show some interesting figures."

There were 109 unreported precincts in heavily Democratic Chicago and 84 in suburbs. It was generally conceded that these precincts with 400-500 votes each could not overcome Nixon's 135,502-vote plurality in Illinois over Vice President Hubert H. Humphrey.

With 95 per cent of the state's 10,694 precincts reported, unofficial returns gave Nixon 2,064,756 votes to Humphrey's 1,929,254.

In 1960 anti-Daley forces charged that tampered returns from Cook County narrowly edged Illinois from the Nixon column in the Nixon-John F. Kennedy election.

Daley was the first Wednesday to claim vote irregularities by the other side. He cited two western suburbs where returns were delayed. The implication was that the delay could permit strengthening the Republican area if the election were very close—a maneuver Republicans charged Daley performed in 1960 when Nixon lost Illinois by less than 9,000 votes.

Asked if he charged irregularities in the western suburbs, Daley said, "Certainly."

"Our watchers said that," he added. "I say, frankly and honestly, there are and have been township clerks and others unlawfully assuming authority. We should watch the townships and the downstate counties."

Daley, who virtually chose the

Eyes Plans To Set GOP Government

Chooses Privacy Of Florida Retreat To Chart Course

WASHINGTON (AP) — Richard M. Nixon, his narrow presidential triumph cemented by late election returns, chose the privacy of a Florida retreat today to start forming the new Republican administration he hopes will "bring the American people together."

Faced with the most pressing tasks of determining his immediate role in Vietnam peace efforts and picking the men who will guide the nation's destiny for the next four years, Nixon flew from New York to Key Biscayne, Fla., for what was billed as a few days rest.

On the way he stopped off for a sentimental visit in Washington with his hospitalized former chief, Dwight D. Eisenhower.

As the tide of more than 70 million votes continued to flow in from outlying precincts, mainly in the West, Nixon actually trailed by 29,730,272 to 29,726,409 vote behind Democrat Hubert H. Humphrey in the 70-million-plus popular vote.

But his electoral vote total, securely past the needed total of 270 after cliff-hanger victories

Issue On Bomb Halt Interpretation

U.S., North Viet Dispute Rules For Expanded Talks

PARIS (AP) — The United States and North Vietnam disputed ground rules for the expanded Vietnam peace talks Wednesday. The talks were indefinitely suspended because of South Vietnam's refusal to participate.

At issue are differing interpretations about whether the bombing halt should include a cessation of U.S. aerial reconnaissance of North Vietnam and how the warring Vietnamese factions will sit at the table to talk peace.

Also hanging over the talks was speculation about what role, if any, President-elect Richard M. Nixon would take in the peacemaking process before his inauguration.

Hanoi's interpretation that the bombing halt should include suspension of reconnaissance flights was raised at a news conference at which Nguyen Thanh Le, North Vietnam's press spokesman in Paris, charged the U.S. flights violated the agreement that brought about the bombing halt.

North Vietnamese spokesmen and spokesmen for the National Liberation Front, the political arm of the Viet Cong, also said the United States had agreed both the NLF and the Saigon government would send independent teams to the bargaining table.

Both interpretations were immediately challenged by sources with the U.S. delegation.

They pointed out that President Johnson had made no mention of reconnaissance flights when he announced the end of "all air, naval and artillery bombardment." They said the United States had let it be understood that it would abstain only from the use of force against North Vietnamese territory.

They noted that North Vietnam's chief negotiator in Paris, Xuan Thuy, used the same language—"all acts involving the use of force"—in his acknowledgement Nov. 1 of the bombing halt and his agreement to enlarge the talks.

They said the United States also told North Vietnam before the bombing halt that the reconnaissance flights would continue. A member of the North Vietnamese delgation has confirmed this in a talk with a newsman.

Le also raised the issue of how many parties would sit down at the peace table when he accused the United States of reneging on a pledge to hold a "four-party conference Wednesday to find a peaceful settlement of the Vietnam problem."

U.S. officials consider that the understanding was that there would be an "allied side" and a "Communist side" at the enlarged talks with the Saigon regime and the NLF participating as part of the two "sides."

The South Vietnamese insist they will send peace envoys to Paris only if the NLF sits as part of Hanoi's delegation, not

Early Collision Looms Between Nixon, Congress

WASHINGTON (AP) — Despite a pledge from Senate Democratic Leader Mike Mansfield to support Richard M. Nixon "when he is right", the incoming Republican president could collide early with the still Democratic Congress.

A likely point of early contention could be the use of tax credits, rather than programs depending on appropriations, to finance social objectives.

Another test of both presidential and congressional intentions will come when the new, but not much changed, Congress goes to work in January on the budget prepared by President Johnson.

If he recommends full funding of the programs associated with his and the previous Democratic administration instead of the pared-down appropriations Congress has voted in the past, Nixon will be under pressure to show quickly to what extent he intends to economize.

The GOP made a net gain of four seats, but still winds up on the short end of a 243-192 lineup in the House.

In the Senate, Republicans gained four seats and possibly five depending on the outcome of the Oregon race where liberal Wayne Morse trails in a fight for political survival.

Records of newly elected senators, however, indicate that chamber may have a slightly more conservative tone than in the 70th Congress where the Republican-Southern Democratic coalition was a major force.

Democrats in both chambers will continue to hold committee chairmanships.

Mansfield pledged Wednesday

Center Lining Planned For St. Clair Saturday

A center line and "no passing" markings will be painted Saturday, weather permitting, on the three-lane section of St. Clair Ave. between Princeton Ave. and Cartwright St., Safety-Service Director Robert E. Vodrey said today.

A solid white line will be painted on the entire stretch. The yellow lines designating "no passing" areas will be placed at Highland Colony, near Riverview Cemetery entrance and at Park Blvd., three stretches in which the sight distance is too short to permit passing.

Talk Heard Of Humphrey Senate Bid

MINNEAPOLIS, Minn. (AP) — Some Democratic leaders are already talking of a political comeback for Vice President Hubert H. Humphrey—as the 1970 candidate for the U.S. Senate seat Eugene J. McCarthy says he will not try to retain in the party.

Speculation began almost as soon as his fight for the presidency was over, even as Humphrey left Wednesday for his lakeside home in Waverly to spend a few days in seclusion with his family.

Friends of the vice president say his commitment to the race for the White House was total and included no thought of defeat. And they say Humphrey has no plans for the future now.

Many observers who have watched Humphrey as mayor of Minneapolis, senator and vice president expect him to "go on to something else." They expect it to be the U.S. Senate.

In endorsing Humphrey for the presidency last week, McCarthy said he will not seek re-election to the seat as a Democrat. Although he didn't rule out running as a third-party candidate, state party leaders say they expect him to bow out.

Thus the way would be open for Humphrey to return to the

Vote Record Broken

RATON, N. M. (AP) — Richard M. Nixon's victory in the presidential election broke a 56-year-old record in Colfax County, in northern New Mexico.

Since statehood in 1912, the county always has voted on the side of the winner in a presidential race.

Unofficial returns in Tuesday's election show the county giving Democrat Hubert H. Humphrey 2,477 votes, Nixon 2,212 and third-party candidate George C. Wallace 262.

New Mexico, which always has gone for the presidential winner since statehood, continued in that tradition. Nixon carried the state.

Hays Implies Otherwise

Millett Sees Kent Center Future Here A Certainty

An implication that Columbiana County eventually will have but one Kent State University Academic Center location has been denied by Dr. John Millett, Ohio Board of Regents chancellor.

Doubt as to the future of East Liverpool's Kent branch was raised Sunday by Rep. Wayne L. Hays, 18th District Congressman, in a speech during dedication of the new city post office.

Hays commented, "I have talked with the powers that be, and, in the near future, Kent State will have a new building in Columbiana County — centrally located — and only one building."

Dr. Millett, questioned Wednesday, explained Kent State has one branch in the county "but with two locations."

Millett's statement was, "Columbiana County we count as a single branch of Kent State University, although it has two locations. As you know, in East Liverpool we are occupying a school building. In Salem we are renting a facility at a nominal rate, but have been told by the owners that they want it back in the near future. Our plan always has been to build a building in or near Salem, and to have some money available to do some remodeling in East Liverpool."

Millett said "the powers that be" was probably a reference to himself. He said he had talked with Rep. Hays during dedication of the New Philadelphia branch and answered questions Hays had concerning Columbiana County.

However, Millett was apparently misunderstood. Millett continued saying, "it has not been a secret that a new building was planned just south of Salem. In October when Gov. James A. Rhodes and I met with the committee, it was agreed that if State Issue No. 1 passed — and thank God it did—the new building would be built near Salem and remodeling would be done to our building in East Liverpool."

Millett said definitely the two locations — Salem and East Liverpool — will continue to operate.

Nixon Invited By Thieu To Visit Saigon

SAIGON (AP) — President Nguyen Van Thieu today invited President-elect Richard M. Nixon to visit South Vietnam "to make an on-the-spot assessment of the war and the situation" in this country.

"The Vietnamese government, the Vietnamese people and our soldiers fighting in the front lines against Communist aggression will be most happy to receive on Vietnamese soil a staunch defender of freedom, which you have been for many long years," Thieu said.

The invitation was contained in a lengthy cablegram of congratulations from the South Vietnamese leader to Nixon for his narrow victory in Tuesday's election.

Rain Will Continue; Snow Seen On Friday

More rain is due for the tri-state area, and the weatherman again says it will become mixed with snow some time Friday.

The forecast calls for cloudy and cool with rain today and tonight, with today's high in the 40s and tonight's low in the middle to upper 30s.

It will be mostly cloudy, windy and cool Friday, with intermittent rain becoming mixed with snow.

Board Opens Official Tally For Balloting

With a candidate's decision on a recount probably riding on the result, the Columbiana County Election Board today launched the official canvass of returns from the general election Tuesday.

Supporters of County Engineer John Ursu of Salem have indicated they may seek a recount of returns that showed the Democratic incumbent defeated by 111 votes by Bert A. Dawson Jr. of Fisher Park, Republican. The unofficial count gave Dawson 20,691 votes to Ursu's 20,580.

But a recount cannot be sought officially until the board completes and certifies the canvass. Miss Rebecca Resnick, director of elections, said the task may not be completed until Monday.

A recount petition may be filed within five days after certification of the results to Secretary of State Ted W. Brown. The Election Board then must set the recount within 10 days after the application was received.

The Dawson - Ursu contest was the only one the county end of the ballot which ended in a virtual tie. The official canvass usually deviates from the unofficial count only by a few votes.

Meanwhile, candidates who sought office in the election Tuesday have started to file the required sworn statements of campaign expenses with the Election Board. The deadline for the reports is Dec. 20 at 4 p.m.

The reports are required of all candidates, whether or not they were successful, and from committees which supported or opposed any individual or issue.

Democrats were saying, in effect, "Wait until next time."

Officials of both parties conceded that the presence of George C. Wallace probably had some effect on the outcome.

GOP State Chairman John S. Andrews said William B. Saxbe's victory over John J. Gilligan in the U.S. Senate race was due to "Saxbe's excellent qualifications for the job, his will to win, and to the hard campaigning he had done."

He said key factors in the GOP triumph in Ohio were hard work by leaders, workers and candidates throughout the campaign.

Eugene P. O'Grady, Democratic state chairman, paid tribute to the candidates and party workers and congratulated the winners, adding:

"We look forward to giving them a better scrap the next time around."

He said Gilligan and Vice President Hubert H. Humphrey "worked hard to take the issues to the people."

Complete unofficial returns in more than 13,000 polling places showed Saxbe outdistancing Gilligan 1,919,101 to 1,802,625.

Richard M. Nixon captured Ohio's prized 26 electoral votes with 1,783,734 votes to Humphrey's 1,691,505.

George Wallace of the American Independent Party polled 465,917.

Outcome of the presidential race in Ohio wasn't known until after dawn Wednesday. Although Humphrey had trailed throughout the count, supporters hoped that the late-reporting Cleveland area would put him over the top. But his margin of more than 123,000 votes there was not enough.

Analyzing the voting Wednesday, Frank King, president of the Ohio AFL-CIO, said: I think Wallace drew a little more from Humphrey than Nixon. Wallace did hurt."

But he said he doubted that Wallace cost Humphrey Ohio. "Many of the Wallace votes would have gone to Nixon anyway," King said. "They were protest votes to take out their spite."

Andrews said Wallace "hurt Nixon and Humphrey, but we just don't know how much damage he did to either one."

Saxbe told newsmen Wednesday that he will work in the Senate to seek an end to the Vietnam war and to control inflation and aid local law enforcement by establishing national training academies and assisting states in buying crime communications computers.

Saxbe, 52 - year - old Farmer-lawyer who is serving his third term as Ohio attorney general, is filling the seat being vacated by Sen. Frank J. Lausche. Gilligan defeated Lausche in the May primary.

Saxbe said he does not expect to be as conservative as Lausche has been. "The people voted for me in this state not to be conservative, they elected me to vote realistically," he said.

In other races Tuesday, Ohio elected 24 congressmen, 18 of them Republicans. Except for two races in the Cleveland area, all incumbents were returned to office.

Voters in the 22nd District ejected Frances P. Bolton, 83-year-old widow with 28 years' service in Congress, and elected Charles A. Vanik, who moved against Mrs. Bolton when his 21st District was revamped.

Two Negroes squared off for Vanik's old seat. Democrat Louis Stokes, brother of Cleveland Mayor Carl B. Stokes, won.

Republicans continued their domination of the Ohio General Assembly. They will control the Senate 21-12 and the House 64-35.

State Issue No. 1, calling for $759 million for highway and capital improvements, was approved by more than 176,000 votes. But voters rejected by more than 450,000 votes Issue No. 2, another constitutional amendment for an enabling law for a homestead exemption act.

Ohio Supreme Court Chief Kingsley A. Taft, a Republican, easily won re-election over John C. Duffy. Also winning high court seats were Republicans Thomas M. Herbert and John M. Matthias.

Attack On U.S. Omitted

Soviet Celebrates 51st Year Of Its Revolution

MOSCOW (AP) — Soviet Defense Minister Andrei A. Grechko omitted the usual attack on the United States today as the Soviet Union celebrated the 51st anniversary of the Bolshevik Revolution with a display of missile might that included no new weapons.

In another break with tradition, Marshal Grechko in his speech at the annual Red Square ceremony made no mention of Vietnam.

The defense minister, flanked on Lenin's tomb by Soviet leaders, spoke only against "imperialists" in general, repeating the standard Soviet charge that they are "increasing tensions and creating the danger of a new world war."

Grechko did not refer to the U.S. presidential election or the Vietnam peace talks in Paris. But the departures from the usual wording of his speech seemed to indicate that the Kremlin does not want to hurt its chances of getting along with President-elect Richard M. Nixon.

They also appeared to be aimed at avoiding anything that might hamper progress toward bringing the Vietnam war to an end.

Grechko, in probably the mildest Bolshevik anniversary speech made here in many years, also refrained from attacking China or any other country by name.

His five-minute speech, always closely watched for indications of changes in Kremlin thinking, bore down heavily on the theme of Communist unity and threats to this from the West. This new emphasis was obviously linked to the Soviet invasion of Czechoslovakia and the dissension that caused in the Communist movement.

He never specifically referred to Czechoslovakia, and asserted that "just as in the past, the Soviet armed forces now serve not the purpose of attacking and capturing foreign territories, but of safeguarding the cause of peace, socialism, international freedom and independence."

Another Kremlin leader, Politburo member Kirill T. Mazurov said on Wednesday that the Soviet Union attaches "great importance to the normalization of relations between the Soviet Union and the United States which would be important not only to both our states but also to world peace." He declared, however, that "on the way to this goal there remain a number of serious obstacles created by aggressive manifestations of U.S. foreign policy."

These included, he said, the "poisoned atmosphere" created by the Vietnam war and U.S. attempts at "bridge-building" in East Europe.

He added that Moscow is working "for a relaxation of international tension, for removing hotbeds of military conflict and solving acute international problems by negotiation."

Mazurov spoke at the Kremlin meeting held annually on the eve of the Bolshevik Revolution anniversary.

After Grechko spoke, the annual parade of military might rolled through Red Square. It started with tanks and troop carriers and ended with three-stage intercontinental missiles more than 100 feet long, all of which have been seen many times before.

The big missiles "can bring down nuclear warheads of tremendous power upon an aggressor from any direction," the official Soviet news agency Tass boasted. "The armed forces of the U.S.S.R. have the most diverse missiles with nuclear warheads whose power attains dozens of megatons."

Man Bound Over For Ax Slashing After Argument

William Melvin of 1074 Peake St., accused of making an assault with an ax Oct. 30 on his roommate, Lewis Kinzel, 66, was bound over to the grand jury today by Municipal Judge Samuel M. Chertoff after waiving a preliminary hearing and pleading not guilty through his counsel, Paul Tobin.

Kinzel, allegedly struck on the forehead over the left eye after an argument with Melvin at their home, appeared in court, but was not asked to testify.

Judge Chertoff continued Melvin's $2,500 bond. The defendant had been in City Jail since the alleged assault. He is accused of making an assault "with a dangerous instrument with force likely to produce great bodily harm."

Tobin told the court his client "needs medical help" and expressed the hope he will receive it at the County Jail in Lisbon while awaiting grand jury action. The judge said he will make the request for medical attention to Sheriff Russell J. VanFossan.

After the alleged assault, Kinzel told police Melvin formerly was a patient at Massillon State Hospital.

Assault Case Dropped On 'Mistaken Identity'

A case in which an East Liverpool man was accused of assault and battery on a trucker Oct. 15 was dismissed today in Municipal Court after the complainant said he was unable to identify the defendant as the man who struck him.

William Klingensmith of New Castle, Pa., had filed the assault charge against James Alloway Jr. of 1012 Locust St., who entered a not guilty plea through his counsel, G. William Brokaw. Klingensmith said he was trailed onto the Freeway by an angry motorist after driving through a "yield right-of-way" sign on the River Rd. He said he identified Klingensmith as the assailant through a license number on the auto.

Klingensmith told the court he was not driving his auto at the time of the incident.

Man Bound Over For Ax Slashing After Argument

William Melvin of 1074 Peake St., accused of making an assault with an ax Oct. 30 on his roommate, Lewis Kinzel, 66, was bound over to the grand jury today by Municipal Judge Samuel M. Chertoff after waiving a preliminary hearing and pleading not guilty through his counsel, Paul Tobin.

Kinzel, allegedly struck on the forehead over the left eye after an argument with Melvin at their home, appeared in court, but was not asked to testify.

Judge Chertoff continued Melvin's $2,500 bond. The defendant had been in City Jail since the alleged assault. He is accused of making an assault "with a dangerous instrument with force likely to produce great bodily harm."

Tobin told the court his client "needs medical help" and expressed the hope he will receive it at the County Jail in Lisbon while awaiting grand jury action. The judge said he will make the request for medical attention to Sheriff Russell J. VanFossan.

After the alleged assault, Kinzel told police Melvin formerly was a patient at Massillon State Hospital.

Assault Case Dropped On 'Mistaken Identity'

A case in which an East Liverpool man was accused of assault and battery on a trucker Oct. 15 was dismissed today in Municipal Court after the complainant said he was unable to identify the defendant as the man who struck him.

William Klingensmith of New Castle, Pa., had filed the assault charge against James Alloway Jr. of 1012 Locust St., who entered a not guilty plea through his counsel, G. William Brokaw. Klingensmith said he was trailed onto the Freeway by an angry motorist after driving through a "yield right-of-way" sign on the River Rd. He said he identified Klingensmith as the assailant through a license number on the auto.

Klingensmith told the court he was not driving his auto at the time of the incident.

Next Sunday the remaining trees will be decorated and ten new candles and ten cross-overs with stars will be erected at the Midland Ave. intersection.

The Crucible Management Club of Industry has donated a community tree which will be decorated by Cadet Troop 60, Nov. 24 with handmade items. This is an annual project of the troop. Mrs. Carol Monac is their leader.

Four Seize Plane, Kill 1 Passenger

MANILA (AP) — Four men armed with guns and hand grenades seized control of a Philippine Air Lines plane bound for Manila Wednesday night, robbed the passengers, and killed one of them.

Two other men were wounded. One was a member of the gang and the other a secret police agent on the plane who exchanged shots with the gunmen.

The gang fled when the plane landed in Manila. They took their wounded comrade with them.

Vitaliano Pagaran, 51, a local municipal official, was killed. The wounded police agent was Florencio Villarin, 35.

The twin-engine plane was on a 150-mile flight from Mactan to Manila and was about half way when the four gunmen forced their way into the pilot's compartment.

Capt. Luis Bennevie, 41, the pilot, said the gunmen threatened to blow up the plane with grenades unless the crew obeyed them. He gave no inkling of the situation in radio conversations with the Manila airport.

There was no immediate estimate of how much they stole from the passengers.

On reaching Manila's international airport, the gang ordered the pilot to stop his plane near a road at the edge of a runway. Taking the crew with them, the gang ran to the road, climbed into a car and escaped, leaving the crew behind.

2 City Men Win In Toastmasters District Contest

Francis House of the East Liverpool Toastmasters Club was first place winner in the evaluation category when the group was host to the Area 12 educational meeting Wednesday night at the Orioles Lodge on W. 6th St.

Joseph Kriss, also of the city club, won second place in the table topics contest.

Ray Munsee of Steubenville came in second in the evaluation contest, and Phil Cottone, also of Steubenville, was first place winner in the table topics category.

The winners will take part in the southern division table topics and evaluation contest at the District 13 fall educational meeting Nov. 16 in Pittsburgh.

Guests included Gerald Warren of Fairmont, W. Va., second lieutenant governor of the southern division; Charles Kramer of Coraopolis, senior lieutenant governor of District 13; Larry Firster of Toronto, past governor of area 5, and Max Wyant of Coraopolis, chairman of the speech craft of district 13.

Production of lead in the United States centers in Kansas, Missouri and Oklahoma. Missouri's lead deposits were discovered in 1720 by two Frenchmen, and the industry was well-developed when the United States bought the Louisiana Territory in 1803.

Odd Facts

The U.S. Office of Education has estimated that 3 per cent to 4 per cent, or roughly 2.5 million children of school age in the United States, have speech disorders, according to the Encyclopaedia Britannica.

Oil needs of the United States are expected to grow from the current 12.3 million barrels a day to 17.9 million by 1980.

Saxbe Heads For Washington

Rhodes' Decision Waited On New Attorney General

COLUMBUS, Ohio (AP) — With U.S. Sen.-elect William B. Saxbe headed for Washington in January, Gov. James A. Rhodes must decide who will be the next state attorney general.

Two years remain on the term Saxbe won in 1766 and Rhodes, by law, is required to appoint a successor.

Saxbe said Wednesday his personal choice was Gerald A. Donahue, his campaign manager, but added he would not make a recommendation unless asked by Rhodes.

Other speculation has centered on State Treasurer John D. Herbert and House Speaker Charles F. Kurfess.

Saxbe said Wednesday he felt Kurfess was "needed" in the Ohio General Assembly. He did not mention Herbert, although the treasurer's name has been heard in the Saxbe camp and in top GOP circles.

All three men are attorneys, a constitutional requirement for the $25,000-a-year post as the state's chief legal officer, and all are Republicans, a political necessity for appointment by a Republican governor. In addition, all are relatively young at 38.

Herbert, two - term treasurer and son of a former governor, was an assistant attorney general during Saxbe's first term from 1957 to 1959.

Mentioned as a gubernatorial prospect for 1970, Herbert could benefit from the almost daily publicity of the attorney general's office. Although important, his present post does not attract as much public exposure.

Appointment of Herbert would give Rhodes a second job to fill, the treasurer's office. Handing out two political plums might enhance the governor's position as a potential U.S. Senate candidate in 1970.

Kurfess, of Bowling Green, was named speaker two years ago at age 36. He is one of the youngest legislators in history to head a majority party in the Ohio House.

He has represented the 4th District since 1956 and was elected the first time while a law student at Ohio State.

Donahue, former state tax commissioner, has never held elective office. However, he is familiar with the attorney general's office, having served five years as Saxbe's first assistant.

Also, Donahue is among Saxbe' closet friend. He took leave of his Columbus law practive last February to direct the successful campaign.

Another plus factor for Donahue is his service as state tax commissioner. In what many saw as a personal favor to Rhodes, Donahue left Saxbe's staff to head the state department of taxation, an agency he is credited with improving during his one-year tenure.

Saxbe is expected to delay his resignation as attorney general until shortly before he is sworn in next Jan. 20 as Ohio's junior senator.

How Can I?

Q.—How can I clean ivory articles?

A.—If these are all in one piece, they can be safely cleaned with soap and water. If, however, several pieces are glued together, it's better to take a raw lemon, dip it into salt, and rub the surfaces with this, letting the juice dry on the ivory before wiping off with a damp cloth.

The Love Of Freedom

Ironic as it may seem, it was America's traditional national sense of devotion to individual liberty and personal freedom that permitted "law and order" to become a battle cry during the presidential election.

The American ideal of granting the greatest degree of personal liberty to an individual, confident that he will react in a manner not detrimental to himself or his country, fails to recognize that man has weaknesses.

Ignorance, prejudice, lack of judgment, all of these can influence a man's actions. An atmosphere of pure personal freedom does not guarantee a right decision.

THE ARGUMENT has been advanced that the environment in which a decision is made is more important than the decision and its repercussions.

Practically speaking, that point is not valid because an anarchist's or a dictator's decision can affect the freedom of many others. Society, in its quest for liberty, has adopted a generally overly tolerant attitude.

It shows in parental permissiveness and court leniency. It has led to a breakdown in respect for authority and standards of acceptable behavior.

The 1968 presidential campaign signals a new trend. The love of freedom is as great as it ever was but there is new resolution that this country's freedom will thrive in a climate of justice based on law and order.

No provision is made in our system for dictatorial tactics. Authority is granted to maintain an orderly society. Citizens are expected to abide by the law which offers them a method of change if they feel it desirable.

THE NEW MOOD of the nation springs from an awakening to the phenomenon that love of freedom has spawned a monster that could destroy it.

The public became cognizant that tolerance was being viewed by some as a license to do whatever they wished. The campaign brought the matter to a head.

During the campaign, the American public made it evident it wants to be a society that discourages criminal activity and protects the law abiding.

Ordeal Well Met

As happens just about every election, someone telephoned The Review Tuesday afternoon to ask, "Who's winning?"

The average voter understands, of course no one can tell "who's winning" until the polls are closed and the ballot counting begins.

What the average voter doesn't understand very well is the amount of work, time and skill needed to properly process the vote tabulation and get the results to the correct officials and the waiting public.

The Columbiana County Board of Elections staff and poll workers have apparently measured up again to the well-established reputation of doing an excellent job of handling the ballot operation. Only the official count will indicate the accuracy of the tabulation, but the general efficiency and speed of the system was apparent Tuesday and early Wednesday, in contrast to the slow methods and limited achievements elsewhere in the nation.

Election day is generally an ordeal for the voters, candidates and those in charge of the process, but it is an ordeal well met in Columbiana County.

Job-Seekers Victims Of Do-Goodism

Unless court action by the American Newspaper Publishers Association and the Washington Star bears fruit before Dec. 1, job-seekers are going to find it more difficult to check classified advertising for job opportunities.

The U.S. Equal Employment Opportunity Commission has ordered elimination of classified help wanted advertisements under the headings of "Male" and "Female."

The EEOC order came as a result of the feeling by commissioners that somehow the headings represent discrimination in employment.

The EEOC allows one exception to the rule. Male and female designations will be allowed when "sex is a bona fide occupational qualification for the job involved."

Who knows when that exception will be subject to varying interpretations?

It is another case of do-good federal intervension in an area where its do-goodism is going to work against the public.

The regulation will not mean that much more work for newspapers but think how tedious it will be for job-seekers to wade through hundreds of job descriptions looking for something of interest to them.

The separate listings for male and female help wanted advertisements are meant as an indication of which jobs normally appeal to one sex or the other. They are provided as a service to the job-hunter.

Should a woman wish to apply for a job listed under "Help Wanted-Male," there is nothing to keep her from doing so. The same is true of a man who is interested in an offering in the "Help Wanted-Female" column.

The unrealistic ruling is a farce and clearly will only result in inconvenience to the people seeking employment. It will have no bearing on alleged job discrimination because of sex.

Is there no limit to how far the federal government will go to make itself look ridiculous?

Good News From Lebanon

One successful research project at the American University of Beirut shows what can happen when proper motivation teams with research—even in an area beset with tension.

Lebanese farmers are getting ready for the annual task of sowing wheat—but there is a difference this year. They will be planting a new type of wheat, Najah—meaning "success"—developed in eight years of research at the American University.

NAJAH IS SIGNIFICANT because it is expected to double the wheat production of the Middle East and other low-rainfall regions of the world in a few years.

Field testing by a few Lebanese farmers started in 1966. Results have been excellent. The program now has been expanded to include all of Lebanon. The amount of the seed distributed has been carefully limited.

Demand for Najah is growing and the university has developed a barter system to prevent commercial exploitation. Bushels of Najahseed are swapped for local varieities with university people keeping strict records of every farmer growing the new wheat. The university also selects new fields for planting.

The agromony professor who developed Najah, Dr. W. W. Worzella, expects use of the seed to spread through Lebanon, Syria and Jordan in three years.

PROFESSOR WORZELLA is understandably excited about the possibilities involved in the Najah development. He says: "There are millions of arable acres of dry land in the Middle East, but only thousands of irrigated wheat-producting areas. Even a small increase in the yield of dryland wheat would mean millions of additional bushels of grain for the people of the Middle East. Irrigated land could then be used to increase the production of maize, sugar beets, alfalfa, fruit and vegetables."

In addition to the entire Middle East, the new wheat could be used in other low-rain areas of western Canada, the United States, Mexico, most of Australia, Spain, sections of Africa, Turkey, Pakistan, parts of India and large areas of Siberia and China.

Little wonder many people are excited about Najah.

We can use more of this type of news from the Middle East.

White House Memoirs

By Art Buchwald

WASHINGTON — It is only natural, as the Johnson administration nears its end, that magazine and book publishers should be descending on the White House to sign up everybody in sight for their memoirs.

Art Buchwald

The sidewalk in front of the White House is jammed these days with editors carrying satchels of money that they have been ordered to give out in advances to anyone who can offer insights into the Johnson years. The competition for memoirs is something fierce.

As I was leaving a White House briefing the other afternoon, several editors ran up to me at the gate and shoved contracts in front of my face.

"I DON'T WORK in the White House," I explained. "I don't know any more about what went on there in the last five years than you do."

Disappointed, they turned away from me and then rushed up to a man in overalls carrying a bag of tools.

"What do you do in the executive mansion?"

"I'm an electrician," he said.

"I'll give you $10,000 to write the story of how you wired the White House," an editor shouted.

"Fifteen thousand," a book publisher yelled, "if you tell us the inside story of how President Johnson made you change all the bulbs."

"Are you crazy?" the electrician said. "I've already been offered $25,000 by Life magazine to write about the time the President blew a fuse during the Fulbright Gulf of Tonkin hearings."

"DON'T SIGN," the Look editor said, waving 35 $1,000 bills. "We'll give you this, plus a percentage, if you tell the inside story of when Johnson switched from AC to DC over Vietnam."

The electrician shook his head. "There are certain things between me and the President that I can't talk about, even after he leaves office. They're in my diary and that's where they're going to stay."

"You kept a diary?" a publisher asked.

"Sure. How else would I know where all the plugs were? That's a big house."

"I'll give you $50,000 for the diary without reading it," the publisher said.

"Gosh," the electrician shook his head. "I don't know what to say. There's some stuff in there that's very personal, like the time I put in an extension cord for the President's electric blanket when Lynda Bird decided to tell her parents about her engagement to Capt. Robb."

"I'll give you $75,000," another publisher shouted.

"What else is in the diary?" the editor of the Ladies Home Journal demanded.

"Well, there was the day when Walt Rostow was briefing the President on the Pueblo and he got so excited he stuck his finger in a socket and got a shock."

The Harper & Row editor said, "I'll bid $100,000."

The electrician looked confused. "Is it worth that much?"

"Of course. You'd be the first one to shed any light on the Pueblo incident."

"I THINK I BETTER TALK this over with my agent," the electrician said. "All these offers are bewildering. I knew my memoirs were worth something, but I didn't think they would fetch $100,000."

"Why not?" the Putnam publisher said. "You controlled the power in the White House, didn't you?"

"Now that you mention it," the electrician said, "I guess I did. What am I offered for the movie rights?"

Letter To The Editor

Moral Revolution

I am writing this letter on the evening before the national election. I just listened to the TV show, "Ask Richard Nixon" I don't know if he will be our next president, but I know that one thing he said is true, and I think it is very important.

He said something to this effect that "America needs a moral revolution." I believe he is right, because if America doesn't turn from her immoral ways, she will fall the way the Roman Empire fell.

The Hippies and Yippies say theirs is a new morality, when it is in fact the same old immorality. They say it will satisfy everyone, but it will only satisfy a few, because Christians will be able to see through it, and see the destruction it will cause.

If we don't turn from immorality, America's enemies, like Russia, China and Cuba, will catch us off guard, and come in and take over the country. Then we won't be able to choose the man we want to run our great country.

I am proud to be an American, but I fear that unless the people of America wake up and realize their responsibilities, someday they will wake up and find themselves under the rule of Communism.

I think every American who really loves, honors, and respects America should get down on his knees at least once a day and ask God to help him live up to his responsibilities as an American.

The American people alone can't stop the spread of Communism. Human strength and power, not even with man - made weapons, can put an end to Communism. It takes special help, the kind that comes from God alone.

America is starting to divide against herself, because of civil rights, Vietnam, and law and order. The Bible says in Mark 3:24, "And if a kingdom be divided against itself, that kingdom cannot stand."

I believe that every American, especially Christians, should pray everyday for the ones elected to run our country that they will be able to unite all of America together, so our nation can continue, with God's help, to be the greatest nation on earth. I believe we should pray especially for the President, because the largest part of the responsibilities of our country will rest on his shoulders for the next four years.

I am a student at Beaver Local, and I believe if America's Christians start praying today that this morality revolution that Mr. Nixon speaks of will begin much sooner than he expected.

DAVID LAWRENCE

Saigon's Pride

While on the surface it looks as if there is a deadlock in the Paris negotiations over the Vietnam War, there are ways to resolve the controversy and ultimately bring an agreement.

At the moment, the national pride of South Vietnam has become a major factor. Its government is unwilling to sit down at the same table and on equal terms with the "National Liberation Front" — the political arm of the Viet Cong guerrillas in South Vietnam.

The North Vietnamese, on the other hand, insist that the Viet Cong must participate in the conferences.

It is clear now that, while President Johnson accelerated the peace talks by his announcement of a halt in the bombing, it is going to take weeks, if not months, of informal talks before a procedure can be worked out that will be satisfactory to all concerned.

HANOI EVIDENTLY is willing to let matters drift for a while as the American government strives to find some compromise.

The simple way, of course, is not to try to bring all four parties into a formal conference but to let the United States act in the role of mediator by discussing vital issues with the North Vietnamese government and the Viet Cong.

American negotiators could then hold separate meetings with the South Vietnamese government at which there would be full disclosure of just what demands or concessions were being made by the North Vietnamese and the Viet Cong.

Certainly the government at Saigon cannot go against its own public opinion by entering into a conference with the Viet Cong — an ally of the Hanoi government — which has been responsible for the guerrilla warfare and terrorism in South Vietnam.

The question of whether President Johnson knew about all of this when he announced the halt of the bombing is causing much comment.

He probably was aware that the government of South Vietnam would not be willing to sit down with the Viet Cong. At the same time, he realized that this issue would have to be fully discussed before much progress could be made, so he went ahead with the bombing halt.

Eventually the United States government will have to make up its mind whether to insist that the people of South Vietnam shall determine for themselves their form of government or whether a coalition of some kind is to be imposed upon them against their will.

Certainly American troops and the South Vietnamese forces have made many sacrifices in the last four years. It would be tragic if the Saigon government, which has placed so much faith in the United States, should find itself "sold out" — as the phrase is being used now by critics here and abroad to indicate that President Johnson has veered from his strong support of South Vietnam.

If the United States did go along with Hanoi's demand that the Viet Cong should play a prominent part in any future government of South Vietnam, the war would not be ended. Even if the president of the Saigon government agreed to a "coalition," it is doubtful whether the people themselves would concur, and this could mean more fighting in South Vietnam.

The problem is how to find a way to assure the people of South Vietnam — who have for years suffered heavy losses — a chance to maintain the government they have elected or be free to elect another one.

With the election in this country over, the new president will have to examine all phases of the controversy and reach a decision as to the extent that the government of South Vietnam will be supported. North Vietnam must be convinced that it cannot take over South Vietnam and the Viet Cong will have to be content with that decision.

IT MAY TAKE a long while before actual peace is established in Vietnam but the issues today are not much different from those which prevailed when the United States originally decided to throw its weight on the side of the South Vietnamese.

Either that decision is going to be upheld or the new administration in Washington is, in effect, going to concede that a mistake was made.

In any case, peace cannot be expected in Southeast Asia unless self-determination is accepted as a valid principle in the selection of a government by the people of any country, large or small.

Probation Hearing Set For Convicted Driver

LISBON — A Common Pleas Court jury Wednesday afternoon convicted Gilbert R. Ashbridge, 20, of East Palestine on a charge of traffic manslaughter.

The jury of eight women and four men found, as the indictment alleged, that Ashbridge drove left of center on Route 170 north of Negley on July 31, 1967, causing a head-on collision that killed the driver of the other car, Gary A. Norton, 23, of Astoria, N.Y.

Defense Counsel James D. Primm Jr. waived the right to file a motion for a new trial and requested probation for the youth.

Judge Raymond S. Buzzard ordered a pre-sentence investigation and report. He released Ashbridge on his own recognizance until the probation hearing.

A son of Mr. and Mrs. Jack D. Ashbridge of 623 Park Ave., the youth was critically injured in the crash. The trial was delayed several months because of his condition.

Four Seize Plane, Kill 1 Passenger

MANILA (AP) — Four men armed with guns and hand grenades seized control of a Philippine Air Lines plane bound for Manila Wednesday night, robbed the passengers, and killed one of them.

Two other men were wounded. One was a member of the gang and the other a secret police agent on the plane who exchanged shots with the gunmen.

The gang fled when the plane landed in Manila. They took their wounded comrade with them.

Vitaliano Pagaran, 51, a local municipal official, was killed. The wounded police agent was Florencio Villarin, 35.

The twin-engine plane was on a 150-mile flight from Mactan to Manila and was about half way when the four gunmen forced their way into the pilot's compartment.

Capt. Luis Bennevie, 41, the pilot, said the gunmen threatened to blow up the plane with grenades unless the crew obeyed them. He gave no inkling of the situation in radio conversations with the Manila airport.

There was no immediate estimate of how much they stole from the passengers.

On reaching Manila's international airport, the gang ordered the pilot to stop his plane near a road at the edge of a runway. Taking the crew with them, the gang ran to the road, climbed into a car and escaped, leaving the crew behind.

Saxbe Heads For Washington

Rhodes' Decision Waited On New Attorney General

COLUMBUS, Ohio (AP) — With U.S. Sen.-elect William B. Saxbe headed for Washington in January, Gov. James A. Rhodes must decide who will be the next state attorney general.

Two years remain on the term Saxbe won in 1766 and Rhodes, by law, is required to appoint a successor.

Saxbe said Wednesday his personal choice was Gerald A. Donahue, his campaign manager, but added he would not make a recommendation unless asked by Rhodes.

Other speculation has centered on State Treasurer John D. Herbert and House Speaker Charles F. Kurfess.

Saxbe said Wednesday he felt Kurfess was "needed" in the Ohio General Assembly. He did not mention Herbert, although the treasurer's name has been heard in the Saxbe camp and in top GOP circles.

All three men are attorneys, a constitutional requirement for the $25,000-a-year post as the state's chief legal officer, and all are Republicans, a political necessity for appointment by a Republican governor. In addition, all are relatively young at 38.

Herbert, two - term treasurer and son of a former governor, was an assistant attorney general during Saxbe's first term from 1957 to 1959.

Mentioned as a gubernatorial prospect for 1970, Herbert could benefit from the almost daily publicity of the attorney general's office. Although important, his present post does not attract as much public exposure.

Appointment of Herbert would give Rhodes a second job to fill, the treasurer's office. Handing out two political plums might enhance the governor's position as a potential U.S. Senate candidate in 1970.

Kurfess, of Bowling Green, was named speaker two years ago at age 36. He is one of the youngest legislators in history to head a majority party in the Ohio House.

He has represented the 4th District since 1956 and was elected the first time while a law student at Ohio State.

Donahue, former state tax commissioner, has never held elective office. However, he is familiar with the attorney general's office, having served five years as Saxbe's first assistant.

Also, Donahue is among Saxbe' closet friend. He took leave of his Columbus law practive last February to direct the successful campaign.

Another plus factor for Donahue is his service as state tax commissioner. In what many saw as a personal favor to Rhodes, Donahue left Saxbe's staff to head the state department of taxation, an agency he is credited with improving during his one-year tenure.

Saxbe is expected to delay his resignation as attorney general until shortly before he is sworn in next Jan. 20 as Ohio's junior senator.

How Can I?

Q.—How can I clean ivory articles?

A.—If these are all in one piece, they can be safely cleaned with soap and water. If, however, several pieces are glued together, it's better to take a raw lemon, dip it into salt, and rub the surfaces with this, letting the juice dry on the ivory before wiping off with a damp cloth.

LBJ Ocean Floor Plan Due U.N. Group's Okay

UNITED NATIONS, N.Y. (AP) — President Johnson's proposal for an international Decade of Ocean Development is expected to get unanimous approval in the U.N. General Assembly's main political committee.

A resolution sponsored by the United States and 18 other nations welcomed Johnson's proposal last March to begin a 10-year program in 1970 to promote the peaceful uses of the ocean floor.

The resolution calls on U.N. members to propose scientific programs for the decade, urges them to publish the results of their findings during that period and asks the International Oceanographic Commission to coordinate the efforts.

The 125-nation committee is also expected today to approve two other resolutions dealing with the sea bed.

One sponsored by Malta, Mauritius and Tanzania endorses the principles that no nation may claim the sea bed, that it should be developed in the interests of all and that it should be exploited for peaceful purposes only.

Another, introduced by the United States, the Soviet Union and 28 other nations, calls on all nations to take measures to minimize pollution of the oceans from seabed mining and drilling.

Gunnar G. Schram of Iceland urged that some sort of machinery be set up to determine responsibility in sea bed exploration.

"A case of pollution can present a grave threat to countries far from the source," Schram told the committee.

A year's study of the sea bed carried out under U.N. auspices, has noted that huge resources in oil, gas, manganese and phosphate exist on or under the ocean floor. The survey pointed out, however, that knowledge of these resources is limited and it will be at least 10 years before they are tapped unless there are unforeseen technological developments.

Last Indian uprising in the United States occurred in 1886.

Council Ends Road Inquiry At Industry

INDUSTRY — Industry Council accepted a recommendation of its roads committee to mark "closed" the question of irregularities in the hiring of road workers during a meeting Wednesday at the Borough Building.

James Muns, chairman, said he and his committee had reviewed the matter and could find no evidence to support the accusations.

Homer Paul, council president, Tom Hanner and Nick Yanosich served on the committee with Muns.

Paul instructed the finance committee to prepare a proposed 1969 budget for presentation at the December meeting.

Fire Chief Don Doyle presented the fire department's budget and Council approved his request for a new air mask to replace one that blew up during the Buckeye Pipeline fire near Midland.

The next meeting of Council will be Dec. 4.

Farm Worker Linked To District Car Theft

EAST PALESTINE — A former area farm worker was being held today in New Hampshire in connection with the theft of a city man's car and three burglary counts in his home state.

The 1965 Volkswagen of Bruce VanFossan of 393 W. Martin St., stolen Sunday, was located—demolished—in New Hampshire. Stanley Rogers Jr., 22, of New Hampshire was taken into custody on the burglary charges. Rogers was employed in the area this past summer as a farm worker, city police said.

GOP Shows 31-19 Edge In Governors

WASHINGTON (AP) — Six of the seven biggest states will have Republican governors next January, with the GOP holding a 31 to 19 edge nationwide—the party's biggest majority since the first years of the Eisenhower administration.

In all, Republicans will replace Democratic governors in seven states and there will be Democrats in place of Republicans in two others—for a net GOP gain of five.

Ironically, the Republican presidential victory Tuesday will eventually put another statehouse in the Democratic column. Maryland has no lieutenant governor and the successor to Gov. Spiro T. Agnew, vice president-elect will be named by the Democratic-controlled legislature.

The election of Richard B. Ogilvie puts Illinois in Republican hands along with New York, California, Pennsylvania, Ohio and Michigan where governors were not up for re-election. Texas, which elected Lt. Gov. D. Preston Smith to succeed retiring Gov. John Connally, is the only one of the most populous seven to have a Democrat as governor.

Besides Illinois, states that switched from a Democrat to a Republican are Delaware, Indiana, Iowa, New Hampshire, Vermont and West Virginia.2 Montana and Rhode Island went from a Republican to a Democrat.

Otherwise, the parties had an even split Tuesday. Arizona, New Mexico, South Dakota, Washington, Wisconsin and Arkansas, returned Republicans to the governor's mansion. Kansas, Missouri, North Carolina, North Dakota, and Utah joined Texas in retaining Democrats.

A total of 13 Republicans and 8 Democrats were elected. States that did not have a gubernatorial election this year were in control of 18 Republicans and 11 Democrats.

There wasn't any clear pattern of governors riding in on the presidential candidate's coattails. Kansas, Montana, North Carolina, North Dakota and Utah voted for Richard M. Nixon, while electing Democrats as governor. Utah and West Virginia were for Hubert Humphrey but voted Republicans for governors.

Incumbents re-elected are Jack Williams of Arizona, Winthrop Rockefeller of Arkansas, Robert Docking of Kansas, Warren E. Hearnes of Missouri, David F. Cargo of New Mexico, William L. Guy of North Dakota, Calvin L. Rampton of Utah, Daniel J. Evans of Washington and Warren P. Knowles of Wisconsin.

Three governors were defeated in re-election bids:

In Delaware, Gov. Charles L. Terry by Russell W. Peterson; in Montana, Gov. Tim Babcock by Forrest H. Anderson; in Rhode Island, Gov. John Chafee by Frank Licht.

Motorist, 23, Loses Permit For Speeding

Municipal Judge Samuel M. Chertoff today ordered a 10-day suspension in the driver's license of John R. McLaren, 23, of Dairy Ln., who pleaded guilty to a charge of driving 70 miles an hour in a 35-mile zone on St. Clair Ave.

McLaren also was fined $20 and costs on the speeding charge and told to pay court costs on a charge of driving without an operator's permit. A new permit which he obtained after his arrest Sunday morning was suspended.

Arthur McElroy Jr. of Campground Rd. was fined $5 and costs on a charge of crashing a stop sign and granted a continuance until Nov. 13 on a charge of driving an auto with an expired operator's permit. The continuance was allowed McElroy to give him time to renew a permit he said expired Aug. 18.

McElroy was cited Wednesday at 11:15 p.m. on Hess Rd. in Liverpool Township by Constable Thomas Edgell.

Larry Sparks, 20, of Calcutta was fined $15 and costs on a charge of speeding 75 miles an hour in a 50-mile zone on the Calcutta - Smiths Ferry Rd. He was cited by Edgell Wednesday at 9:15 p.m.

Sparks was ordered to pay court costs on a charge of "willfully eluding a police officer after receiving a signal to stop."

Sparks told the court he fled from the flushing red lights of Edgell's auto. He said he did so because he halted two weeks ago for a car which displayed flashing red lights and four young men then attempted to attack him.

"I believe your story," the judge said. Edgell, queried by the judge, said Sparks gave the same explanation at the time of his arrest.

The court granted a continuance until Tuesday in the case of Charles E. McGrath of Foundry Hill, Salineville, cited Monday by the Ohio Highway Patrol on Route 7 on a charge of driving after dark without headlights.

Pennsylvania Plane Crash Claims Three

CHURCHVILLE, Pa. (AP) — A light plane crashed in Northampton Township today, killing at least three persons.

Officials said the plane crashed in a driveway of a home near this lower Bucks County community.

One body, still strapped in a chair, landed on the roof of a nearby house.

Pope Applauds Nixon

VATICAN CITY (AP) — Pope Paul VI congratulated Richard M. Nixon today on his election and said he prayed to God to guide him and to bestow peace and prosperity on the American people.

The oath of office as president was administered to Calvin Coolidge by his father.

Nixon

(Continued from Page 1)

in Illinois, Ohio and California, appeared headed for 302 when late returns gave him the lead in Missouri where more than 100,000 absentee ballots will be decisive.

Absentee votes were also expected to decide Maryland where Humphrey was leading.

Humphrey received 29,677,152 votes under the Democratic column plus 53,120 in Alabama where he was listed in a second ballot position.

George C. Wallace received 9,291,807 votes.

President Johnson returned to the capital from Texas for the 75-day homestretch of his presidency, pledging to Nixon "everything in my power to make your burdens lighter" during the transition period.

Earlier in San Antonio, the Texas White House said that, at Nixon's request, a government aircraft had been made available to him. He already has Secret Service protection.

Johnson also offered Nixon government office space in Washington, but the winner said he would continue to work out of his New York offices in the weeks ahead.

Selection of a Cabinet, a White House staff and such other top aides as a budget director are among Nixon's first chores.

Detroit radio station WJR said Gov. George Romney of Michigan, who made a brief bid last winter for the GOP presidential nomination, probably will be Nixon's secretary of commerce.

The station also forecast that Dist. Atty. Evelle J. Younger of Los Angeles County "will become the next attorney general," and that Gov. Nelson A. Rockefeller of New York would be named "either as secretary of state or secretary of defense—most likely the latter."

Senate Democratic Leader Mike Mansfield, meanwhile suggested that Nixon name "a shadow cabinet to work with the present Cabinet to smooth the transition."

And the Montana Democrat, who will preside over a reduced majority numbering 58 of the 100 senators, said he would support Nixon "when he is right" adding "when we disagree, we'll oppose not just for the sake of opposition but will try to offer constructive alternatives."

One Senate race remained undecided, the Oregon contest in which Republican Robert Packwood was leading four-term veteran Sen. Wayne Morse. If Packwood's lead holds up, Republicans will have made a net gain of five senators from their total in the outgoing 90th Congress.

In the House, the GOP gain was even smaller, a net of four in an election that saw only nine incumbents defeated, four in reapportioned districts where they were thrown in with other incumbents.

The new House will have 243 Democrats and 192 Republicans. But conservative southern Democrats could team with Republicans on many issues in both houses to give Nixon the equivalent of a slim working majority.

While Nixon prepared to assume governmental authority, the vice president-elect, Gov. Spiro T. Agnew, was preparing to shed his duties as Maryland's chief executive, probably giving way to a Democrat.

This would give the Democrats 20 governorships to 30 for the GOP.

The DOCTOR Says

Relaxation Lets Sleep Come Easily

Dr. Brandstadt

Q—Almost every night I lie in bed for hours without sleeping. I take sleeping pills but would like to get along without them. What do you advise?

A—The surest way to stay awake when you want to sleep is to worry about it. Sleeping pills should not be used regularly. Most such pills are habit-forming and, since they interfere with normal dreaming, the sleep you get is not as restful as lying in bed awake but relaxed. They key word here is relax. Perfect relaxation requires a lot of practice but it pays big dividends. Once you have learned to relax, sleep will follow automatically.

Q—My husband often falls asleep in a chair at night and, if no one wakes him, he will spend the night there. Shouldn't a person lie down at least part of the 24 hours?

A—Although your husband may get a fair amount of relaxed sleep sitting up, he is in danger of getting a circulatory disease in his feet and ankles. For this reason the horizontal position would be much better for him.

Q—How much sleep should a healthy adult get?

A—That's something like asking how big a shoe a healthy adult should wear. There is a wide variation in the amount of sleep different persons need. Some apparently need 10 hours every night, while others do just as well with six or less. I believe, however, that many persons who sleep only five or six hours at night get short cat naps during the day. Furthermore, it has been found that many persons who sleep poorly at night feel better during the day and sleep better at night if they can arrange a 15-to-20-minute nap once or twice a day.

Q—What causes sleepwalking? What would happen if the sleepwalker should wake up while he is walking?

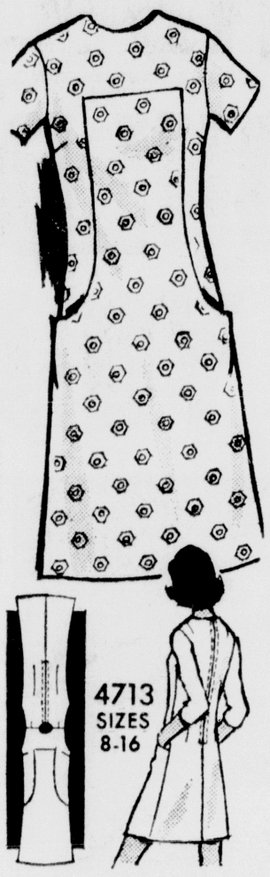

A—Although the cause is not fully understood, overstimulation or emotional tension just before going to bed is thought to be a factor. It is usually hard to wake a sleepwalker. It is best to lead him gently back to bed without trying to waken him. When he is wakened, he is usually in a daze and will not remember the incident in the morning. The best treatment is quiet relaxation before retiring.

Q—I sometimes talk in my sleep. How can I stop this?

A—Everything I have said about sleepwalking would apply to talking in your sleep.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstandt cannot answer individual letters, he will answer letters of general interest in future columns.

Reds Critical Of Nixon

Foreign Reaction Widely Favorable To U.S. Vote

LONDON (AP) — Foreign reaction to Richard M. Nixon's election was widely favorable today, with conservatives enthusiastic, socialists cool to lukewarm and communists critical.

Hanoi and Saigon were silent, but South Vietnamese officials before the election preferred the Republican candidate because they considered him more hawkish than Hubert H. Humphrey.

In the first Soviet comment on Nixon's election, Pravda, the Communist party newspaper, said he was the "big business" candidate who won strong support in the large cities because he promised to suppress the "Negro upheaval."

Pravda said neither Nixon nor Humphrey gave the American people a "clear answer to questions of war and peace," and as a result "Americans quite openly voted not so much for as against one candidate or another."

In Asia, there was some concern and criticism mixed amid general approval of the election outcome. But anti-Communist leaders who know Nixon from his many visits to their areas welcomed his election and expressed confidence he would maintain close U.S. ties with the area.

In Venezuela, where Nixon was treated roughly on a visit 10 years ago, his election aroused some disappointment. Crowds in Caracas on election night cheered returns in which Humphrey led.

The Times of London said the first condition for success of Nixon's presidency would be to end the Vietnam war and added that "on foreign policy, Mr. Nixon's stated position accords with realities. Before the invasion of Czechoslovakia his harder line on Russia might have seemed a mere echo of Dullesism, but its tone now is probably about right for Europe's needs."

The London Daily Express noted that Britain's next ambassador to Washington, John Freeman, may be embarrassed because while editor of the weekly New Statesman he frequently attacked Nixon.

West Germans appeared pleased at Nixon's election. To a small sampling, at least, he presented an image of a no-nonsense man who would stand up to Soviet communism. Finance Minister Franz Joseph Strauss cabled the President-elect: "The American people have made a good decision. The free world has gained a good leader."

An Egyptian government spokesman in Cairo attacked all three presidential candidates as supporters of the Israeli "aggression" against the Arabs. In Israel, the man in the street recalled Nixon's strong stance during the campaign in favor of Israel. "Now all we have to do is wait and see that he lives up to those promises," one political writer said.

Chinese Communist newspapers in Hong Kong called Nixon "a hawk who has not given up the threat of new weapons and new military action in Vietnam."

Hong Kong editions of Peking's Ta Kung Pao and Shanghai's Wen Wei Pao also labeled Nixon a "rotten champion of American imperialism."

There was no reaction from Peking itself.

Solid pro-Nixon sentiment was evident on Formosa, Nationalist China's island.

"I am pleased," said Premier Thanom Kittikachorn of Thailand. South Korean Information Minister Hong Chong-chul said Nixon would help strengthen ties among non-Communist nations.

A Japanese foreign ministry spokesman said his government feels Nixon will ask Asian countries to shoulder a greater burden of responsibility for their defense. Concerning policy toward Japan, he said he feels Nixon "will follow the same fundamental line of the Johnson administration on basic issues."

Headliners In Barbershop Parade

Headliners on the barbershop parade of Sweet Adelines Saturday at 8:15 p.m. at Westgate School will be "The Clubhouse Four" of Louisville, Ky.

Cardinal District champs in 1962 and international finalists in 1963 and 65, they are, left to right, Larry Knott, Shrader Miller, Don Grammer and Dr. Tim Stivers, who pilots the chartered plane on which they travel.

Also appearing on the program will be "The Femme Fatales" of Cleveland, 1967 international champions; "The Pittsburghettes," district winners, and "The Heathertones," members of the local chapter who were international queens in 1963.

Mrs. Doris Cameron, chairman, announced tickets have been placed on sale at the Chambers Co. and Robins and Sant and also may be purchased at the door the night of the performance.

job he left in 1964 when Lyndon B. Johnson chose him as his vice presidential running mate.

Although he lost the national election Tuesday, Humphrey got 809,070 votes in Minnesota or 54 per cent of the total. Richard M. Nixon got 42 per cent and George C. Wallace 5 per cent.

This happened in a state with a Republican governor, a congressional delegation dominated by Republicans and a state legislature controlled by the Republican-oriented conservatives.

candidates himself, saw most of his state ticket go down to defeat. But Democrats made a sweep of Cook County offices.

Gov. Samuel H. Shapiro, seeking election to his first full term, was defeated by Republican Richard B. Ogilvie, who has been a thorn in Daley's side since Ogilvie's election as sheriff of Cook County in 1962.

Only three Democratic candidates—and these independent of Daley and one a subtle critic of the mayor—were elected on the state ticket.

Edmund J. Kucharski, county treasurer and Republican county chairman, answered Daley's "voting irregularity" charges by saying they were "completely absurd."

"Here is a man who has a tremendous craze for power," Kucharski said, and he lost. "No wonder Daley lost his cool."

Earlier, Kucharski said that 2,500 to 3,000 Republicans in the suburbs were refused ballots Tuesday and were told their names were not on the voter rolls.

Mrs. Marie H. Suthers, lone Republican on the three-member board of election commissioners said the charges that returns in heavily Republican suburban communities had been intentionally delayed were "purely political" and "simply untrue."

The election canvass will be completed by Nov. 25, Sidney T. Holzman, chairman of the election commissioners, said.

William Rentschler, chairman of the Illinois Citizens Committee for Nixon, said the FBI has been asked to monitor the counting of untabulated ballots.

Board Begins Action For School's Addition

SALINEVILLE — The first step toward the addition of six rooms at Southern Local High School was taken by the board of education Wednesday night with approval of a "resolution of necessity."

Supt. Thomas Leek said plans call for the submission of a $160,000 bond issue at next May's primary.

Auditor Kenneth Bell, pointing out that the official figure still is being compiled, estimated this morning that about eight-tenths of a mill would be required.

Southern Local has experienced growing pains along with other districts in the area. When the new high school, built for 350 students, opened in 1963, there was an enrollment of over 400. Today, high school students are being transported to the Highlandtown Elementary building for classes because of overcrowded conditions.

The board "regretfully and reluctantly" accepted the resignation of Luther Woodall, teacher and principal at the Wayne Elementary building, effective Jan. 31. Woodall cited failing health.

The policy for professional negotiations with the board for teachers and other school employes will be discussed at the next board meeting.

Leek reported the state bus survey will begin Nov. 19 and announced final approval of Title II, with a check for $584.58 received.

Mrs. Mary Bender and Mrs. Sarah Smith were granted permission to attend a conference of instructors in Cleveland Nov. 21 and 22 as elected representatives of the Columbiana County Teachers Association.

The approval of Mrs. Arlene Clark as a substitute bus driver was approved. Action on requested cook reclassification was again tabled for further study.

Miss Darlene Balmos, president of the Southern Local Teachers Association, will meet with the board at its next meeting Dec. 11 to discuss areas of fringe benefits for teachers.

Talks

(Continued from Page 1)

as a separate entity. When Saigon balked, the United States refused to go ahead with the talks.

Nixon at the least is expected to name, with President Johnson's consent, a representative to join Ambassadors W. Averell Harriman and Cyrus R. Vance in Paris until Jan. 20, the day Nixon becomes president.

There have been signs that South Vietnam's President Nguyen Van Thieu gambled on Nixon winning, hoping this would result in stronger support for his position than he has been getting from Johnson. Thieu feels that allowing the NLF a voice of its own at the talks will be a big step toward a coalition government which the Communists would take over after the United States withdraws its forces from Vietnam.

Congress

(Continued from Page 1)

that the Senate's Democratic majority will not oppose Nixon's recommendations to Congress "just for the sake of opposition."

"He's the winner, the people have expressed their will," Mansfield said.

"We'll give him our loyal support when he is right," Mansfield told a reporter. "When we disagree, we'll oppose not just for the sake of opposition but will try to offer constructive alternatives."

This was the position Johnson took when he was the Senate Democratic leader during the Eisenhower administration. The Democrats controlled the Senate and the House during all but the first two years of Eisenhower's eight years in the White House.

Nixon—and the Republican platform—advocated tax credits especially for dealing with problems of the city poor and unemployed.

Newell Resident Heads W.Va. Dietetic Group

Mrs. Betty Ronan of 900 Grant St., Newell, was installed as president of the West Virginia Dietetic Association at the semi-annual meeting which opened today at the Greenbrier, White Sulphur Springs. It will continue through Friday.

In addition to her responsibilities as head of the Dietary Department at Weirton General Hospital, Mrs. Ronan has been active in the National Dietetic Association through attendance of their meetings and administrative institutes, the most recent the annual meeting in San Francisco. She is also a member of the American Society for Hospital Food Service Administrators.

Mrs. Ronan, a graduate of Kent State University, worked for the Youngstown Hospital Association and the Hancock County Board of Education prior to joining the staff at Weirton General Hospital. She has two daughters, Pamela, a freshman at Fairmont State College majoring in Psychology, and Terrie, a sophomore at Oak Glen High School.

As plans are developing for activities for the state dietetic association for the coming year, Mrs. Ronan said "much emphasis is being placed on continuing education for both the dietitians and their food service workers." Under Mrs. Ronan's direction, a program was launched three years ago throughout the state with various institutions serving as host. Explanation was given of the facilities at the particular hospital and their approach to organizational and administrative procedures.

Speakers were obtained to update food service supervisors and workers on such topics as communication, diet therapy and newer methods of food preparation. Mrs. Ronan said the program has met with an unusual degree of success.

It is being continued this year, with the first meeting held Sept. 27 at St. Mary's Hospital in Huntington.

Miss Geraldine Billcheck, Mrs Catherine Vidich, and Mrs. Julia Baczewski of the Weirton General Hospital dietary staff joined Mrs. Ronan for this session.

The next meeting will be Jan. 10 at the Ohio Valley Hospital in Wheeling.

Mrs. Ronan said the aim of the association for the coming year is "to expand the educational programs in as practical an approach as possible. If not, with the shortage of all medical related personnel, hospitals will not be in a position of maintaining and improving upon the nutritional standards of the institutions within the state."

How Can I?

By ANNE ASHLEY

Q.—How can I make a lime-oak finish?

A.—Stir a pound of unslaked lime into two quarts of water. Rub this across the grain of the wood, and wipe when partly dry (to prevent accumulation of excess lime). Seal with two coats of thin white shellac, and finish with a thin coat of paraffin wax.

Q.—How can I clean tarnished pewter?

A.—With silver polish. Many other such cleaning helps are contained in my household-hints manual.

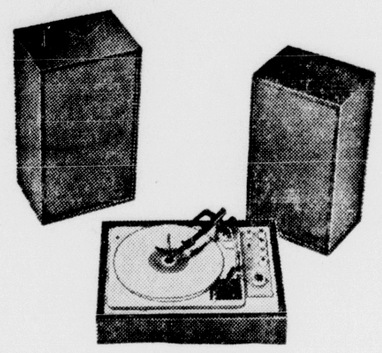

Q.—How can I remove old water paint from a concrete wall?

A.—Dissolve a pound of trisodium phosphate in a gallon of hot water, apply this very liberally to the wall, soaking the wall thoroughly. Then scrub with a stiff wire brush, removing all the paint from the crevices and cracks.

Q.—How are brushes that have been used for varnish or shellac properly cleaned?

A.—Varnish brushes are cleaned with turpentine or mineral spirits, and shellac brushes with denatured alcohol.

2 Brothers Arrested In Novarro Case

HOLLYWOOD (AP) — Two brothers from Chicago — one of them a teenager — were arrested Wednesday and booked on suspicion of murdering former silent screen star Ramon Novarro, whose nude body was found in his posh Hollywood home Oct. 31, police said.

Officers said Paul Robert Ferguson, 22, and Thomas Scott Ferguson, 17 were being held at the North Hollywood police station.

Police Lt. G. W. Lauretzen said the brothers were arrested without a struggle in Bell Gardens — Paul at a restaurant and Thomas at the home of a friend, where he was staying.

The officer said Paul Ferguson had come to Los Angeles from Chicago about five months ago and that his brother arrived about three weeks ago.

Lauretzen said the probe into the 69-year-old Novarro's bludgeon death turned up the brothers' names "and we centered our investigation on them. After checking out the physical evidence we decided we had enough of a case to ask for indictments."

The body of Novarro was found by his male secretary in the former screen idol's $150,000 Laurel Canyon home. Officers said Novarro's head and upper body were badly beaten and that there were signs of a fierce struggle at the house.

LBJ Ocean Floor Plan Due U.N. Group's Okay

UNITED NATIONS, N.Y. (AP) — President Johnson's proposal for an international Decade of Ocean Development is expected to get unanimous approval in the U.N. General Assembly's main political committee.

A resolution sponsored by the United States and 18 other nations welcomed Johnson's proposal last March to begin a 10-year program in 1970 to promote the peaceful uses of the ocean floor.

The resolution calls on U.N. members to propose scientific programs for the decade, urges them to publish the results of their findings during that period and asks the International Oceanographic Commission to coordinate the efforts.

The 125-nation committee is also expected today to approve two other resolutions dealing with the sea bed.

One sponsored by Malta, Mauritius and Tanzania endorses the principles that no nation may claim the sea bed, that it should be developed in the interests of all and that it should be exploited for peaceful purposes only.

Another, introduced by the United States, the Soviet Union and 28 other nations, calls on all nations to take measures to minimize pollution of the oceans from seabed mining and drilling.

Gunnar G. Schram of Iceland urged that some sort of machinery be set up to determine responsibility in sea bed exploration.

"A case of pollution can present a grave threat to countries far from the source," Schram told the committee.

A year's study of the sea bed carried out under U.N. auspices, has noted that huge resources in oil, gas, manganese and phosphate exist on or under the ocean floor. The survey pointed out, however, that knowledge of these resources is limited and it will be at least 10 years before they are tapped unless there are unforeseen technological developments.

Last Indian uprising in the United States occurred in 1886.

Council Ends Road Inquiry At Industry

INDUSTRY — Industry Council accepted a recommendation of its roads committee to mark "closed" the question of irregularities in the hiring of road workers during a meeting Wednesday at the Borough Building.

James Muns, chairman, said he and his committee had reviewed the matter and could find no evidence to support the accusations.

Paul instructed the finance committee to prepare a proposed 1969 budget for presentation at the December meeting.

Fire Chief Don Doyle presented the fire department's budget and Council approved his request for a new air mask to replace one that blew up during the Buckeye Pipeline fire near Midland.

The next meeting of Council will be Dec. 4.

ANN LANDERS

Smoker Loses Welcome

By Ann Landers

Dear Ann Landers: Listen to this and tell me if I'm crazy. A friend I had not seen in years came to visit me. I don't smoke but I've been around a good many smokers and it never bothered me much. This woman was something you have to see to believe. She was never without a cigarette between her lips.

When she talked, the smoke curled up and down and sideways, out of her mouth and out of her nostrils. She dropped ashed on her clothes, on the rugs, on the tablecloth — wherever she went there was a trail of cigarette butts. During every meal she puffed away while she ate — between bites. I never saw anything like it.

At night I couldn't sleep because I knew she was smoking in bed and I was scared to death she'd burn the house down. And then there was the incessant coughing and hacking. It made a nervous wreck of me. She'd turn blue and light another cigarette.

I always have been a fairly tolerant person but this woman and her cigarettes go to me. When she hinted that she'd like to come back to visit next year, I told her I couldn't stand another visit because of her smoking. She said I was the craziest, most ungracious person she'd ever met. What do you think? — SMOKED OUT.

Dear Out: I don't think you're crazy or ungracious. I think you were pushed beyond the point of endurance and you let her know it.

I feel sorry for your friend, however. She's addicted to tobacco as surely as a junkie is hooked on dope, and she could come to a very sad end.

Her Auto-Motto

Dear Ann: This is for the "comfortable but not rich" widow with the sick Cadillac. She was looking for a husband who knew how to keep up a car because she was "tired of the repair bills." Doesn't this woman know widows are A1 targets for crooks? Apparently not, so I'd like to give her a few tips.

1. Don't let a service station attendant do any major repair work on your car. They're not set up for it and 95 per cent of the gas pumpers are not qualified to repair anything.

2. If something goes wrong, take your car to three or four places for a check. Let the mechanics explain the problem and ask how much it would cost to put the car in A1 shape. When you find two mechanics who agree, pick one and stick with him.

3. When a gas station attendant starts to tell you your car is "in terrible condition," pull out a notebook, write down what he says, and tell him you'll take it up with your mechanic. He won't pester you again.

4. If you get stuck in the wilderness, have the car towed to the nearest Cadillac agency. If the car is new and you've got a lemon, insist that the man you bought it from give you satisfaction or write to Detroit. — WISED-UP WIDOW.

Dear Wised: I don't know who will love me the most — the gas station attendants or Detroit. At any rate, your letter makes sense and I thank you for writing.

Confidentially

To One Jump Ahead and Winning on All Fronts: Don't be so sure of yourself, Buster. Sometimes when you build a better mousetrap, nature breeds a smarter mouse.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a long, self-addressed, stamped envelope.

HINTS FROM HELOISE

Paints Cute 'Throw Rug'

DEAR HELOISE: We have linoleum on our floors in the kitchen, bathroom and one bedroom. It wears in the heavily traveled spots.

Heloise

We have tried painting the whole floor with linoleum paint but after a while it shows wear in certain areas This is usually where we get out of the bathtub, beside the bed and in front of the kitchen sink and stove. So here's what I did. . . .

I took a pencil and literally drew "throw rugs" around each worn spot! Then I painted them with the special lineoleum paint in a different colors. I even took a brush and drew fringe around the little oval "rugs" I had painted.

Sure hides the worn places and saved us lots of money too. Think of all the work and time I saved by not having to paint the WHOLE floor!

"HELOISE BELIEVER".

-:-

I, too, have painted linoleum kitchen floors. I learned when I painted mine that eventually it would wear in those same old spots that were worn before.

What you have done is build up an area with paint exactly where it needs to be. Besides, aren't those little false rugs pretty on your floor?

The thing I like about your idea, honey bee, is the money and effort you saved. Why should we paint around the edges of the room when it doesn't even need it?

We all love you.

HELOISE.

LETTER OF LAUGHTER

DEAR HELOISE: Just had a thought. . . .

But now I've forgotten what it was. Can you give me a hint? I'm completely lost.M. J. WEST.

DEAR HELOISE: Empty cottage cheese cartons made wonderful containers when thumbtacked on the inside of the door under the kitchen sink to hold those little items you never have a place for . . . rubber bands, corn holders, a cork or two, etc.

B.Y.

DEAR HELOISE: Here's a hint for people who must avoid excess sugar and fat in their diets:

Any restaurant will serve a salad without dressing.

For tossed salads and some fruit salads, I ask for a cruet of vinegar and a small glass or cup. I pour about an ounce and a half of the vinegar into the glass and add artificial sweetening tables.

These dissolve rapidly and makes a delicious sweet-sour non-fat dressing with no calories. Vary the number of tablets to suit your own taste.

N.H.

DEAR HELOISE: When I want to oil where the spout of my oil can won't reach, I take a broom straw and put the end where I want the oil to go. Then bend it slightly, put a drop of oil on the straw and presto, it runs right on down and goes where it should.

MRZ. TOWNER.

DEAR HELOISE: Here's a good hint for people who live in small apartments or mobile homes and have limited shelf space, but perhaps a little extra closet rod space.

Take two clothes hangers and one large shopping bag (the sturdy kind). Put the hooks on the two hangers through the handles of the shopping bag, with both hooks facing the same direction, and hang on the closet rod as if you were hanging up a garment.

Great for storing toys, out-of-season clothes, vacuum cleaner attachments, etc., leaving valuable floor and shelf space free.

MARY L. DEMETRI.

DEAR HELOISE: I wonder if your readers know that you can grease a pan with margarine before cooking grits and they won't stick to the pan?

No soaking pot and no steel wool!

Just perfect grits.

SARAH JANE.

Slate National Expansion Plans

CLEVELAND, Ohio (AP) — A national expansion program that includes the immediate addition of 25 hotels and inns and 100 new-style, compact restaurants is planned by the Cleveland-based Stouffer Restaurant and Inn Division of Litton Industries, Inc.

Plans for the expansion program were announced Wednesday night by Robert L. Bruder of Cleveland, a Litton vice president and coordinating manager for the Litton Food Service GROUP.

No dollar cost was indicated for the coast-to-coast expansion but financial circles estimated the program would involve a total investment of approximately $100 million.

Bruder said 20 of the new restaurants will be opened by the end of next year. The new facilities will increase Stouffer's totals to 34 hotels and motor inns and 150 restaurants.

No specific mention was made of new units for the Cleveland, area, but Bruder said, "construction of new inns in California, Pennyslvania, Washington and several more in Ohio with openings starting in 1970 is scheduled to begin at once."

Advance Planning Record

$750,000 For Transition Set For Nixon And Agnew

WASHINGTON (AP) — Richard M. Nixon and Spiro T. Agnew are beneficiaries of more advance planning for the transfer of government than ever before in United States history.

They will be the first to avail themselves of a $750,000 transitional expense account provided by Congress in 1964 which President Johnson as the incumbent didn't need.

And Johnson himself acted months ago to smooth the way by appointing a liaison man to plan with representatives of the three major candidates for the 76 days of decision that would face the new presidential team.

Every department and agency is handing over transition briefing papers to spell out administrative and budget problems and catalogue important jobs the president-elect will have to fill.

The incoming president and vice president get $375,000 each to pay for office staffs, consultants, travel expenses, postage, printing, telephones and communications.

President Johnson and Vice President Hubert H. Humphrey get $75,000 each to ease them through the first six months of their transition to private life.

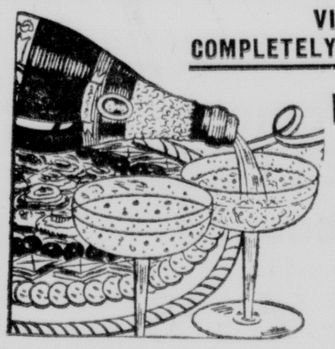

Fifty rooms in two executive office buildings near the White House have been furnished and fully equipped for the staffs of the new presidential team. However, Nixon said he would continue to work out of his New York offices.

In the days between now and inauguration, one of the biggest tasks facing the president-elect is finding new people to fill hundreds of important posts. He also must acquaint himself with pressing diplomatic and budgetary problems and start work on his own important State of the Union messages.

Aides say the Vietnam war has put top priority on selection of national security officials, including new secretaries of state and defense.

In the turnover of executive power, the president-elect has an estimated 450 to 500 key appointments to consider. All are high-level personnel who serve "at the pleasure of the president." He must pick a White House staff of about 40. And, ultimately, must take a look at some 1,600 other policy and support positions.

Arlington National Cemetery was formerly the property owned by Robert E. Lee. It was taken over for a government cemetery by the quartermaster general's office in 1864.

Police have not released the name of the suspect pending filing of the charges against him.

Trial Slated For Motorist In Fatalities

LISBON — Robert E. Cusick Jr., 30, of West Point is scheduled for trial Tuesday in Common Pleas Court in connection with the traffic death of Albert G. Adkins, 55, formerly of 447 Virginia Ave., East Liverpool.

Four were killed in the head-on collision last Nov. 11 on Route 30 at the Route 45 junction near West Point.

The January Grand Jury indicted Cusick on three counts of traffic manslaughter, alleging he was driving while under the influence of alcohol, driving recklessly, failed to keep on the right side of the road and failed to obey a traffic control device.

A jury last July 17 convicted Cusick in the death of Paul V. Dawson, 48, formerly of 1004 St. George St., East Liverpool.

Judge Raymond S. Buzzard sentenced Cusick to 1 to 20 years in the Ohio Penitentiary, and ordered his driver's license suspended for three years.

The defendant, a factory worker in Salem, posted a bond with Seventh District Court of Appeals to stay execution of the penitentiary sentence pending the outcome of his appeal.

Cusick is also under indictment for the death of Donald M. Adkins, 28, formerly of Midland Heights, who was driving the car in which the East Liverpool victims were passengers. They were returning from the Alliance - East Liverpool football game.

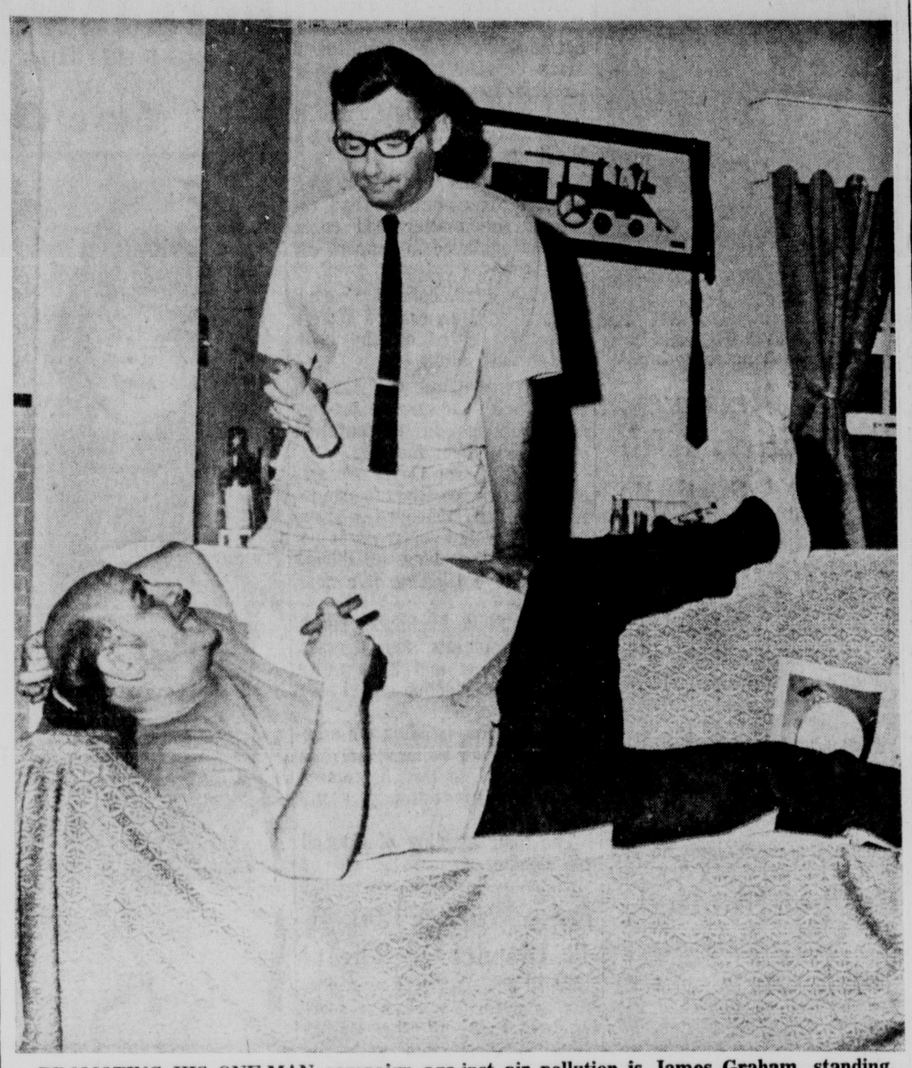

Also killed was Arnold Cusick, 19, Lisbon RD 1, the defendant's brother.

At Theater In Wellsville

Play Will Open Tonight

PROMOTING HIS ONE-MAN campaign aga inst air pollution is James Graham, standing, who portrays the "ultra-neat" half of "The Odd Couple," a three-act play which opens tonight at the Liberty Art Theater, Wellsville. The offender, Ed McCune, is the other half of the twosome.

The curtain will go up tonight at 8:30 on the opening performance of "The Odd Couple," a three-act comedy by Neil Simon, in the Liberty Art Theater at Wellsville. It is being presented nightly through Sunday by the Ceramic Playrites.

James Graham, president of the Playrites, one of the male leads, points out the play has enjoyed recent popularity throughout the country both on the screen and on the stage.

It is the story of a divorced, sloppy man, whose best friend, suffering from the pangs of his own divorce, moves in with him. The trouble begins when the sloppiness of the one is countered by the ultra-cleanliness of the other.

The cast includes McCune and Graham in the two male leads, Thomas Henthorn, Bill Arvin, Bob Lackner and Harold Thornton, the poker players, and Sue Smith and Frances Leon, the two British sisters. Nila Jo Bailey is the director.

Number Of Employes Rises Under Compensation System

The number of Columbiana County employes covered by the Ohio Unemployment Compensation Law increased by 1.2 per cent in 1967, a report from the Ohio Bureau of Employment Services office here shows.

This also represents an increase in payroll of 4.7 per cent over 1966.

The report covers 1,051 employers, with the number of employes in the field of mining and quarrying 246; contract construction 601; manufacturing 10,834; transportation and utilities 968; wholesale and retail trade 4,941; finance, insurance and real estate 733, and services, 1,435.

The workers represent a total 1967 payroll amounting to $111,207,484. The lowest monthly figure came in February, with 19,176 workers covered, and the high was August 20,168.

A further breakdown places the average weekly earnings of all workers at $108.09, ranging from a low of $33.28 a week to a high of $174.50.

A comparison with 25 years ago shows 16,630 workers in the county were covered in 1943 with total earnings of $31,670,353. While the average weekly wage has steadily increased, the number of workers has fluctuated. The highest number of workers for the county covered by the law was in 1951 when the average was 21,943.

At that time the average employed in manufacturing was 13,234, compared with 10,834 for 1967. However, at the same time, in 1943 there were 788 employed in services and 364 in finance, insurance and real estate, while today there are 1,435 employed in the services and 733 in finance, insurance and real estate.

Charles B. Boso, manager of the local office, pointed out that the law does not cover agricultural labor, interstate railroads, government and domestic service, certain nonprofit organizations and employers with fewer than three workers at any one time.

Animals other than dogs are susceptible to rabies. In wild animals so susceptible are the fox, skunk and raccoon; in domestic animals, the hog, sheep, horse and goat.

Sludge Mass Draws Near

"It is white all across the river."

That was the word this morning from Francis Wise, chemist for the city water department, as the "sludge" began spilling near Midland.

He said the sludge was not yet beyond Midland, and was moving very slowly.

Wise said he could not say with certainty when the mass will reach here and whether or not it will be visible.

Missouri Apparently Goes In Nixon Column

ST. LOUIS (AP) — Missouri apparently went with the winner but it will be several days before the final vote for Richard M. Nixon will be known.

As the unofficial tabulation of the regular vote was completed, Nixon edged into a sliver of a lead over Vice President Hubert H. Humphrey for the state's 12 electoral votes.

The margin was so thin it could be changed by the absentee votes which won't be counted until Friday or Saturday—or in some cases until Monday.

At the end of the unofficial tabulation without the absentees, with all precincts reporting, Nixon had 766,169, Humphrey 758,547 and George C. Wallace 195,455.

Sports Whirled

By TURK PIERCE
Review Sports Editor

Recently this department received a communication soliciting votes for a certain high school in the state football polls.

There is nothing unusual about this, such requests come at the average of at least one a day. What made this one different was that it wasn't from a school, it was from a newpaper, or at least from a sportswriter on the paper.

This writer was extolling the virtues of a small Class AA school that was unbeaten and unnoticed in the polls. It's doubtful that this team could beat the reserve squads of some of the giant schools that dominate the Top 10.

BUT THE strength of the team is beside the point. The point is that a newspaper should not be in the business of soliciting votes. When you start doing this, you stop being a reporter and become a public relations man. A newspaper "tells it like it is," or at least tries to, while a PR man tells it like he'd like to have you believe it is.

Contrary to what some people wish, the Review is not a public relations sheet for East Liverpool High School, or any other high school or organization in the area. On the other hand, a newspaper does not, as some people say, print only bad news. The object is to print everything that happens, shielding no one, but not unduly knocking anyone, either. We should be thankful that unfortunate events are so much in the minority of everyday life that they are still newsworthy. When the time comes that death and crime are so commonplace as to go unnoticed, then we're all in trouble.

PEOPLE involved with a school or a team, such as coaches and students, get deeply emotionally involved. This is only natural. But the function of a newspaper is to try to sort out the emotion from the facts and give the reader the facts. Editorials and columns may take sides, but these are recognized as one man's opinion, and don't detract from the objectivity of the newspaper.

Many people knock the WPIAL's Gardner Point system, used to determine the playoff qualifiers in that area. It is not perfect, but it certainly is a lot more reliable than a group of writers voting on teams they have never seen. The polls in Ohio create a lot of reader interest, but shouldn't be taken so seriously.

JOHN PETCHEL, Western Beaver's versatile quarterback, has been put on the Pennsylvania Big 33 checklist, meaning that he will be considered for all-state honors at the end of the season.

WILMER (Vinegar Bend) Mizell, former National League pitcher who won 10 games for the Pirates in 1960, was elected to the U.S. House of Representatives from the Winston-Salem area of North Carolina.

Aviators Play Tough Schedule

By TURK PIERCE
Review Sports Editor

At the beginning of the season the Alliance Review predicted that the Alliance Aviator football team would "roll over" seven opponents, including East Liverpool.

The Aviators have "rolled over" only four opponents so far, but would dearly love to make the Potters victim number five when the teams clash at Patterson Field at 7:45 Friday night in the season's finale.

Alliance plays one of the toughest schedules in Ohio, and no doubt coach Mel Knowlton winced when the paper said his squad would roll over Warren Harding and Canton McKinley. Harding won 33-0 and McKinley 32-0. The Aviators did beat Akron Central 34-0, Akron Buchtel 20-0, Barberton 6-0 and Bedford Chanel 31-6. The teams rated as tough on the Aviator schedule all proved to be, as Struthers won 34-6, Massillon 32-6 and Cuyahoga Falls 22-14. The five teams that have beaten Alliance have lost a total of only six games all year.

Another incentive for Knowlton is that this will be his last trip to East Liverpool as a coach. Last week Knowlton said that 1969 would be his last season of coaching football at Alliance.

The Aviators beat Bedford Chanel last week without their top rusher, Stan Terrell. Terrell was dropped from the team for disciplinary reasons, and the morale of the squad is reportedly considerably improved since the move.

Fullback George Cameron is the current leading rusher for Alliance, and he picked up 81 yards against Chanel. Brad Geltz and Derek Rogers are the halfbacks and Jim Albu the quarterback. Bob Knowlton, the coach's son, is a reserve quarterback and the best passer on the squad. Knowlton has been hampered by injuries.

Roland Purdy and Ray Biery are the ends, Jim Beckwith and John Crockett the tackles, Gary Gemberling and Sonny Ferguson the guards and Mike Fulop the center.

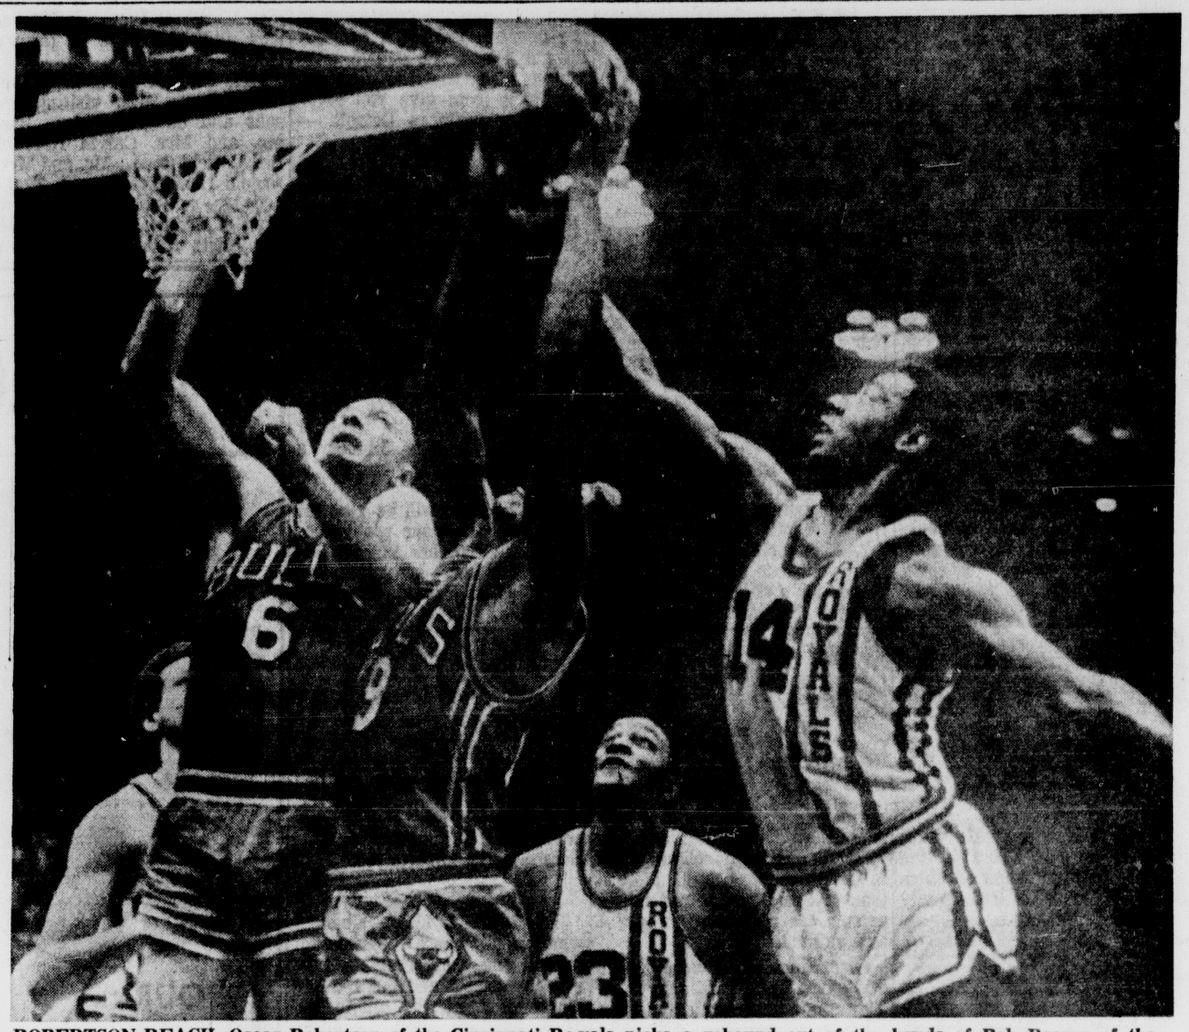

The Potters 7-2, will finish the season the way they have played most of it — at less than full strength physically. Tom Chambers is out with a knee injury, and Herb Purton is out with a head injury. Numerous reserves are also out for the season, forcing the first team players to play more than one position.

Fullback Jim Musuraca is expected to start though he has been hampered by an injured stomach muscle. Nelson (Sonny) Clark and Steve Williams will be the other running backs, with Floyd (Bub) Cranston ready to step in. Dan Cunningham is set at quarterback. John Johnson will be the split end, and can play quarterback or halfback if necessary. Jerry Christian, who is hampered by an ankle injury, will be the tight end. Tom Gooding will replace him if the injury is too severe.

Stanley Ice and Don Cochran are set at tackles, Denny Brennen at center and Lou Volino at one guard. Frank Butler or Bob Pugh will be the other guard.

On defense, Ice and Cochran are the tackles, Cranston the middle guard, and Christian and Melvin the ends. John Haney backs Christian. Musuraca has switched to rover back, with Volino and Brennen the linebackers. Johnson, Clark and Pugh are the deep backs, with coach Bob McNea readying numerous other combinations in case of another injury.

Last year at Alliance the Potters scored late in the game to win 14-8 in a bitterly fought contest. Prior records mean little when these two traditional rivals clash.

Bullets Keep Winning In NBA East

By The Associated Press

If an election were held today for the most surprising team in the National Basketball Association, the Baltimore Bullets would win hands down.

After five years of finishing in the depths of the Eastern Division, the Bullets have suddenly become a contender, and they scored a rousing 140-119 victory Wednesday night over the Atlanta Hawks.

Only Cincinnati's 133-122 decision over the Chicago Bulls kept the Bullets from jumping into first place as they stand only 28 percentage points behind the 7-2 Royals and remained tied with the 6-2 Boston Celtics.

In other action Detroit broke away from Seattle 127-118, Los Angeles bounced Milwaukee 128-115 and San Francisco nipped New York 94-93.

The addition of rookie center Wes Unseld to complement Earl Monroe has made the difference in Baltimore. They scored 22 and 29 points, respectively, along with 24 by Kevin Loughery against the Hawks. But it was Leroy Ellis and Ray Scott who led a 49-point fourth quarter surge that moved them from a 12-point deficit in the third period to a 109-90 lead.

Ellis hit all his 15 points and Scott 10 of his 14 in the final half.

Don Ohl's 27 points led the Hawks, playing without Zelmo Beaty, who damaged the cartilage in his right knee in pregame warmups.

Jerry Lucas and Tom Van Arsdale shot Cincinnati into a 69-42 lead in the first half and Oscar Robertson added 31 points as the Royals breezed.

Detroit won for the fifth time in six starts as it exploded from a 111-111 tie in the final period behind Dave Bing, who finished with 37.

Seattle Coach Al Bianchi drew three straight technical fouls and was ejected along with center Bob Rule.

Elgin Baylor's 33 points for Los Angeles broke open a tight game in the final period. Wayne Embry had 30 points for the Bucks.

Jeff Mullins' 10-foot jump shot with three seconds to play capped San Francisco's comeback over New York. The Knicks had gone ahead 93-92 with seven seconds left on a basket by Dick Barnett.

The Warriors, who overcame a 13-point deficit in the third quarter, were sparked by Rudy LaRusso's 24 points, including 10 in the final period. Cazzie Russell led the Knicks with 18.

Campbell Picks 2 Upsets In Bid For Yogi Title

The Review Grid Yogis show a surprising degree of unanimity in the last week of the season, with five games picked 7-0 and three others 6-1.

Four Yogis — Turk Pierce, Bob Duffy, Rose Nuzzo and Bob Shaffer — have identical picks, and are therefore the consensus. Chuck Campbell, sharing the lead with Pierce, picks Columbiana over East Palestine and Beaver Local over Jefferson Union in upsets. He is joined by Pete Weaver in both of these picks and Ed Clutter also favors Beaver Local.

Clutter also takes Oak Glen over John Marshall and the Steelers over the Cardinals. Weaver is alone in picking LSU over Alabama.

The unanimous picks are East Liverpool over Alliance, Salem over Wellsville, Lisbon over United, Penn State over Miami (Fla.) and Kansas over Oklahoma.

Wings Edge Hawks 6-5; Blues Down Penguins

By The Associated Press

The Detroit Red Wings used something old and something new but in the end it was Bruce MacGregor who left the Chicago Black Hawks blue.

The something old was Gordie Howe, performing for the 23rd season in the National Hockey League. The something new was young Nick Libett, a rookie center, who won't be 23 years old until next month. Both Howe and Libett scored two goals—Gordie's pair giving him 694 in regular season play.

But it was MacGregor's third-period goal that sunk the Hawks 6-5 Wednesday night.

In other NHL action, Toronto nipped Minnesota 1-0, Boston bombed Philadelphia 7-1, St. Louis dropped Pittsburgh 3-1 and Los Angeles blanked New York 2-0.

Howe, Libett and another rookie, Danny Lawson, gave Detroit a first period edge. But Erick Nesterenko hit twice and Pit Martin, Chico Maki and Jim Pappin all scored for Chicago—Pappin's third-period goal tying the game after Howe's second of the night.

Then MacGregor's first goal of the year with 5½ minutes left to play won it for the Red Wings.

Bobby Hull had four assists and took over the NHL scoring lead from Chicago teammate Stan Mikita. Hull has nine goals and 13 assists for 22 points compared to Mikita's 5-13-18.

Toronto spoiled John Muckle's debut as Minnesota coach by nipping the North Stars on a third period goal by Paul Henderson.

The fiercely forechecking Leafs protected goalie Bruce Gamble, who played the shutout in only his second start of the season. Most of Minnesota's 27 shots were harmless.

Henderson, roaming free about 20 feet in front of Minnesota goalie Cesare Maniago, whipped a waist high shot for the goal after taking a pass from Floyd Smith.

St. Louis bunched three goals in 11 minutes of the second period to beat Pittsburgh. The trio of scores came after the Penguins' Earl Ingarfield had snapped a scoreless tie in the second period.

Then Camille Henry, the West Division's leading scorer, potted his eighth goal of the year and Bill McCreary and Ab MacDonald also hit.

The Penguins managed 20 shots at Glenn Hall while the Blues got 31 off at Les Binkley.

Phil Esposito scored twice for the Bruins who bombed ex-teammate Bernie Parent and beat Philadelphia. Parent, who made 39 saves, was brilliant during a scoreless first period but Boston broke through with three goals by Tommy Williams, Ken Hodge and rookie Wayne Cashman in the second.

Then Esposito hit twice and Gary Doak and Derek Sanderson once each in the final 20 minutes. Gary Dornhoefer, another ex-Bruin, scored the Flyers' one goal.

New York lost its first game of the season against a West Division team after seven straight victories, as rookie goalie Gerry Des Jardins of Los Angeles turned in his first NHL shutout. Des Jardins, in handling 32 shots, handed the Rangers their first whitewash in 59 games.

Ed Joyal's power play goal gave the Kings a 1-0 lead late in the first period. With 48 seconds to play, Ted Irvine scored on 50-foot shot into an empty net after New York pulled goalie Ed Giacomin in favor of an extra skater.

Conigliaro Goes 1-For-3 In Florida

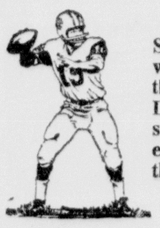

SARASOTA, Fla. (AP) — Tony Conigliaro played his first game as an outfielder Wednesday since his unsuccessful comeback attempt last spring and had a solid single plus a 400-foot foul in three at bats.

The Boston Red Sox defeated Cincinnati Reds 5-2 in an Instructional League game as Tony singled in the first inning and triggered a three-run rally. He took a called third strike after belting his towering foul in the second, and he popped out in his third and final time up.

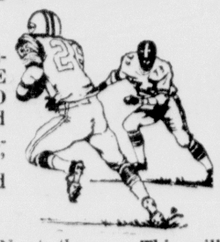

All this was on a sunny day with the type of glare which he says has bothered him most since he suffered an eye injury when hit by a pitch Aug. 18, 1967.

LITTLE LEAGUE FOOTBALL COMES OF AGE

Saturday night over 1,000 fans watched the stellar performance of the GLENMOOR RAMS and the DIXONVILLE VIKINGS at Patterson Field. GLENMOOR prevailed 12-0 in a closely contested battle under the lights. GARY CUNNINGHAM starred for the RAMS with his hard-hitting runs. The rifle arm of KIM KUCZYNSKI led the way for the VIKINGS with able assitance from running back MIKE DAVKA. "KIM" also had some fine punts and kick-offs for Dixonville.DANNY PARSONS, MIKE DAVKA, and MIKE FORZANO of Dixonville gave rock-ribbed performances on defense. Combining for some "Sock-it-to-'em" tackles! GYLNN, SERASO, and RICE were the guiding lights for GLENMOOR'S hard - hitting defensive unit.

For those wanting more of the same and those uninitiated to Little League Football, there's going to be a big ALL-STAR GAME SUNDAY AFTERNOON at the GLENMOOR RAM'S FIELD.

The all star game will be played by the Bill Booth Little League's graduating class of 13-year olds. (13 is the maximum age, 115 lbs. the weight limit) This will be the boys' final appearance as Little Leaguers, and you can bank on plenty of smacking football from them.

None of the Little League teams are sponsored. The teams uniforms, pads, and equipment are paid for through the efforts of each team's boosters club. Bake sales, rummage sales, car washes, candy sales — the mothers ingenuity in this direction knows no limit. Squads carry as many as 60 boys so the mom's have to keep buzzing!

For the gourmet football fans, the Little League Mothers generally have an ample supply of home-made-pies, cakes, cookies, and coffee. Just to make the game a little more enjoyable.

Inquiries as to the location of the Glenmoor field or information about the league may be obtained from, Kay Ridgon, League President, Frank Hillyard, Benny Webber, John Bell, or Orin C. Smith.

ALL ST★R GAME THIS SUNDAY!

This Salute to Bill Booth Football and the kids that play in it is presented By Al Green Lincoln-Mercury instead of the column "YOUR CAR."

The DOCTOR Says

Relaxation Lets Sleep Come Easily

Q—Almost every night I lie in bed for hours without sleeping. I take sleeping pills but would like to get along without them. What do you advise?

Dr. Brandstadt

A—The surest way to stay awake when you want to sleep is to worry about it. Sleeping pills should not be used regularly. Most such pills are habit-forming and, since they interfere with normal dreaming, the sleep you get is not as restful as lying in bed awake but relaxed. They key word here is relax. Perfect relaxation requires a lot of practice but it pays big dividends. Once you have learned to relax, sleep will follow automatically.

Q—My husband often falls asleep in a chair at night and, if no one wakes him, he will spend the night there. Shouldn't a person lie down at least part of the 24 hours?

A—Although your husband may get a fair amount of relaxed sleep sitting up, he is in danger of getting a circulatory disease in his feet and ankles. For this reason the horizontal position would be much better for him.

Q—How much sleep should a healthy adult get?

A—That's something like asking how big a shoe a healthy adult should wear. There is a wide variation in the amount of sleep different persons need. Some apparently need 10 hours every night, while others do just as well with six or less. I believe, however, that many persons who sleep only five or six hours at night get short cat naps during the day. Furthermore, it has been found that many persons who sleep poorly at night feel better during the day and sleep better at night if they can arrange a 15-to-20-minute nap once or twice a day.

Q—What causes sleepwalking? What would happen if the sleepwalker should wake up while he is walking?

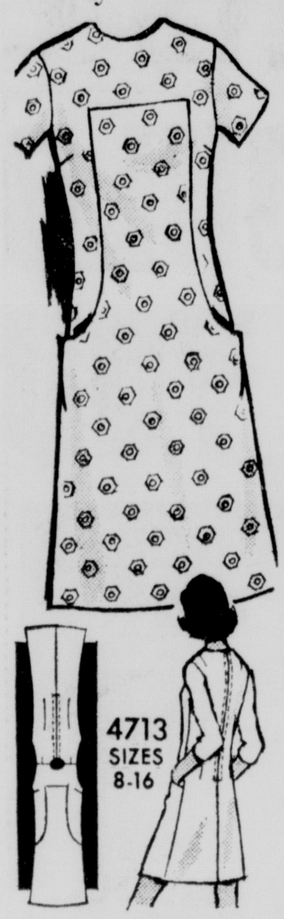

A—Although the cause is not fully understood, overstimulation or emotional tension just before going to bed is thought to be a factor. It is usually hard to wake a sleepwalker. It is best to lead him gently back to bed without trying to waken him. When he is wakened, he is usually in a daze and will not remember the incident in the morning. The best treatment is quiet relaxation before retiring.

Q—I sometimes talk in my sleep. How can I stop this?

A—Everything I have said about sleepwalking would apply to talking in your sleep.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Hawkins Scores 32

Darel Carrier's 48 Points Lead Colonels By Pipers

By The Associated Press

As far as the Minnesota Pipers are concerned, Darel Carrier sure picked a lousy time to go on a 48-point scoring binge.

Carrier's career-tying outburst Wednesday night guided the Kentucky Colonels to a 131-112 rout of the Pipers—their first setback in five American Basketball Association games this season.

In other ABA activity, Denver nipped Indiana 109-107 in overtime, Miami whipped New Orleans 123-109 and Los Angeles defeated Dallas 123-117.

Carrier, who scored 48 points in a game with New Orleans last season, drilled in seven three-point shots from beyond the 25-foot range in powering Kentucky from a five-point halftime deficit to a 92-84 command at the end of three quarters.

Darel's showing overshadowed performances by Minnesota's three gunners—Connie Hawkins, Charles Vaughn and Charlie Williams. Hawkins had 32 points while Vaughn, who hit six straight three-point attempts, and Williams each had 26.

Denver's Wayne Hightower connected on a hook shot with 16 seconds left to send the game into overtime, and Larry Jones tallied on a driving layup and later hit a crucial free throw in the extra session, enabling the Rockets to win their first game in five starts.

Lonnie Wright led Denver with 26 points, while Indiana's Mel Daniels had 29.

Miami trailed by as much as 16 points in the third quarter before launching a rally that made the Floridians' home debut a success.

Les Hunter scored 33 points and grabbed 15 rebounds, including vital ones when Miami outscored the Bucs 23-2 at the end of the third period and start of the final session. Austin Robbins and James Jones each scored 23 for New Orleans.

Los Angeles overcame an early 21-5 deficit in handing winless Dallas its third straight setback. Steve Chubin triggered the Stars' comeback.

Chubin's basket with 37 seconds left in the third quarter put Los Angeles ahead 91-90. Ron Boone gave the Chaps the lead again but Chubin's three-point goal on a 40-footer enabled the Stars to go in front at the end of the period.

Ben Warley topped Los Angeles with 40 points and Chubin contributed 27. Charley Beasley was high for the Chaparrals with 35.

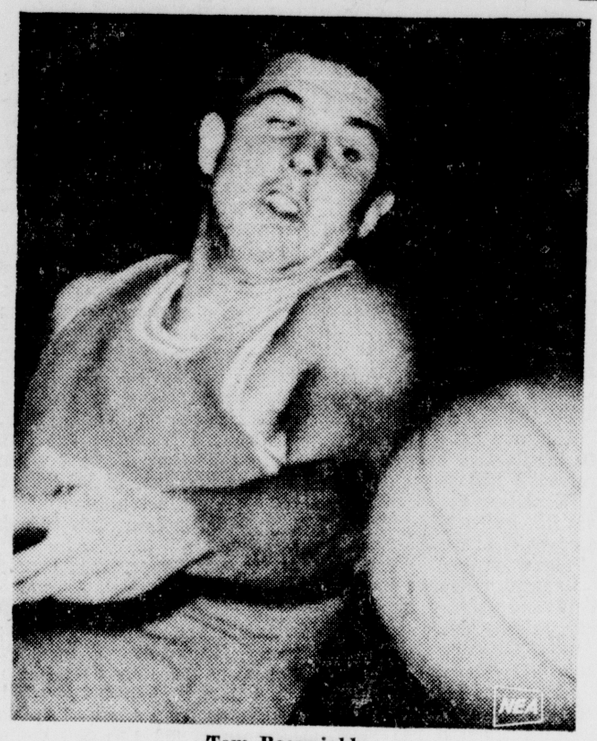

Rookie Boerwinkle Impressive In NBA

By LEE MUELLER
NEA Sports Writer

NEW YORK — (NEA)—When they talk about breaking in a new center in the National Basketball Association, the literal translation is generally accepted.

Fellows like Zelmo Beaty of Atlanta, Wayne Embry of Milwaukee and Walt Bellamy of New York have done lots of breaking in. Ask Chicago rookie Dave Newmark.

"These guys are all huge and strong," the 7-footer has said. "I know I have a battle every game. It's very rough." Embry

Tom Boerwinkle

belted him, Bellamy elbowed him, Milwaukee's Charley Polk hit him in the mouth and Beaty "used a lot of little dirty maneuvers."

Yes, likfe is rough for rookie centers. They must, as New York cab drivers say, assert themselves. Take Chicago's other 7-foot rookie, for example. Tom Boerwinkle has asserted himself.

No one, but no one intimidates the 23-year-old University of Tennessee import. If anything, Boerwinkle and his hulking 270 pounds do a little intimidating themselves.

Watching Boerwinkle shove Boston's John Havlicek into the stands behind the Bull basket the other night, a courtside wag commented: "If that big bozo isn't the NBA's Rookie of the Year, he's certainly the roughest rookie of the year."

With blond hair flapping on his forehead and his two front teeth missing, Boerwinkle is, indeed, an imposing figure. Constructed along the lines of an upright trolley car, he moves with surprising suppleness and without reservation — driving on people like Bill Russell as though he were being guarded by Martha Raye.

Boerwinkle, however, is not mean, not really. "I'm just putting out," he says, smiling and inserting his partial plate. "I'm just trying to do the best I can."

It remains, though, that the alleged roughness of the NBA big men has not impressed Bowerwinkle as much as their speed, cleverness and abilities.

"Honest," he says, "it's not as rough as I thought it was going to be, not as physical. But these fellows are smart. I've really been awed by their talents, their tremendous abilities."

Awed, but not too awed. In his first NBA game, for instance, Boerwinkle scored 19 points and grabbed 21 rebounds. "After that night," he said, "I started to wonder."

The wondering didn't last long, not much longer than it took Zelmo Beaty to knock Boerwinkle's lower lip through his partial plate, in fact.

"I know I've still got a lot of things to learn," he said. "This game is a lot faster than college ball. It takes more concentration, more staminia, more speed, more everything. I'm learning though. I feel like I'm a better basketball player than I was yesterday."

For certain, Boerwinkle is a better player then he was six years ago at Millersburg Military Institute in Kentucky.

"I just played one year of ball in high school," he said, "because I had mononucleosis in the ninth grade and it sort of stayed with me. I was 6-10½ and weighed 205 pounds my senior year. That's pretty thin."

Kentucky coach Adolph Rupp wasn't interested in Boerwinkle at the time, but four years later he visited the Tennessee dressing room after a game.

"Tom," Rupp said, "I never thought you could do it."

Now Boerwinkle is doing it in the best basketball league in the world. Except for the fact that he doesn't fit very well in an airplane seat, he has no complaints.

"It's been a heck of a lot of work," he says, "but I love it, I really do. It's like coach (Dick Motta) says, 'I don't know what would happen if I had to go out and work for a living'."

San Diego State Still Top Small College Team

By The Associated Press

The lower end of The Associated Press Top Ten in small college football underwent some shuffling today, but up front the tune was the same as the first 4½ places remained firm..

The half came up in the No. 5 position in which Tampa broke a deadlock with Weber State with a 22-19 victory last Saturday over Northern Michigan while Weber was dropping to 11th after a 50-42 loss to Idaho.

San Diego, North Dakota State, Chattanooga and New Mexico Highlands held their 1-2-3-4 spots with easy victories, although San Diego had its first place lead cut.

The Aztecs drew 10 of the 16 first-place votes and 266 points, down four top votes and 46 points from last week, despite a 42-12 rout over Fresno State. North Dakota State, with one first-place vote, had 232 points, a drop of 37 but a pick up of nine on San Diego.

Chattanooga, with one first place vote, had 191 points after a 20-6 decision over Tennessee Tech, and New Mexico Highlands had one top vote and 181 points after a 70-7 barrage of Western Colorado.

Eastern Kentucky moved up from seventh to sixth with a 21-20 squeaker over Murray State, and Indiana, Pa., moved from eighth to seventh after bombing California, Pa., 41-0. Western Kentucky rose from 10th to ninth by beating Morehead 24-21.

Texas A&I and Arkansas State joined the Top Ten, A&I jumping from 11th to eighth with a 43-0 victory over Sul Ross, and Arkansas moved from 13th to 10th by blasting Lamar Tech 48-17.

Dropping out with Weber was Morgan State, which had a 31-game winning streak ended with a 7-6 loss to North Carolina A&T and fell from ninth to 14th.

Lenoir Rhyne moved from 18th to 12th and Appalachian from 19th to 13th for the biggest improvement. Kings Point and Emory & Henry joined the first 20 at 17th and 18th respectively, while Central Michigan and East Texas State dropped out from 16th and 17th, although East Texas won last Saturday.

Wallace's Effort Played Part In Electing Nixon

WASHINGTON (AP) — George C. Wallace's third-party effort for the presidency appears to have played a substantial part in putting Republican Richard M. Nixon in the White House.

The votes he pulled in five key industrial states—California, Illinois, New Jersey, Ohio and Wisconsin—could have had the effect of nudging these states and their 121 electoral votes into Nixon's column.

Wallace appears to have pulled much of his support from blue-collar union workers. They usually support Democrats.

It is true that the five Southern states the former Alabama governor won were regarded as strong Nixon territory before Wallace came along but thei electoral votes total only 45. So electoral votes Wallace took from Nixon in the South may have been far fewer than those he denied to Hubert H. Humphrey in the North.

Although the third-party candidate ran a weak third in their states, Democratic leaders in California, Illinois and Sew Jesey attibuted the Humphrey's loss of their states' 83 electoral votes to the Wallace candidacy.

In Ohio and Wisconsin, with 38 electoral votes, politicians were less sure of Wallace's impact.

Gov. Richard J. Hughes of New Jersey said the results in his state were "a victory for Wallace and the hate vote, not a victory for Nixon over Humphrey."

Late, unofficial results put Nixon 54,000 votes ahead of Humphrey but Wallace polled some 253,000 votes.

Hughes said inroads by Wallace in Democratic strongholds such as Hudson, Middlesex, Passaic and Essex counties kept down Humphrey's pluralities.

In California, where Wallace polled some 481,000 votes while Nixon was ahead by only 221,000, former Democratic National Committeeman Eugene L. Wyman said Humphrey would have carried the state in a two-way race.

He said Wallace's votes were mainly in blue-collar and suburban areas, adding "It would have been difficult for these people to vote for Nixon."

But Leon Cooper, the new national committeeman and Humphrey's state chairman, disagreed, calling Wallace's vote "of nuisance value. It made the election closer, but that's about all."

In Illinois, where Wallace polled 336,000 and Nixon was leading by 74,000, William Flanagan of the All-Illinois Committee for Hubert H. Humphrey-Edmund S. Muskie said "Obviously the Wallace vote cut both ways, but also obviously it cut into the Humphrey vote more. It could have made the difference."

In Wisconsin, where Wallace's total of 126,000 was about double Nixon's margin, John Schmitt, president of the state AFL-CIO, said he could not guess at this stage which candidate was hurt most by Wallace.

In Ohio, there was mixed reaction. Frank King, president of the state AFL-CIO and Senate Democratic leader, said "I think many of the Wallace votes would have gone to Nixon anyway." But a Cincinnati Republican leader, David Bodley, said most of the Wallace vote in that area came from blue-collar, normally Democratic wards in the inner city.

Postal Units To Be Closed Here Monday

The downtown post office at Broadway and E. 5th St., Station A in East End and the Calcutta branch will be closed Monday in observance of Veterans Day.

Postmaster Samuel W. Brown said mail will be received and dispatched in accordance with the usual holiday schedule and reminded that collection pickup times are posted on street boxes.

There will be no city or rural deliveries, with the exception of special delivery and perishable items, he said.

The lobby of the downtown office will be open only for the deposit of mail or for those patrons who have lock boxes. Brown said mail received will be placed in the boxes.

All window services will be suspended from Saturday noon until Tuesday morning in line with the holiday schedule.

The postmaster again urges those sending mail overseas to keep the following three dates in mind:

S.A.M. (space available mail) parcels must be mailed by Nov. 23 for Christmas delivery.

P.A.L. (Parcel air lift) parcels must be mailed by Nov. 30.

Air mail paid for all the way at regular rates must be sent by Dec. 11.

Brown pointed out that the dates are the last on which the post office will guarantee acceptance for delivery overseas to veterans of the various types of parcels.

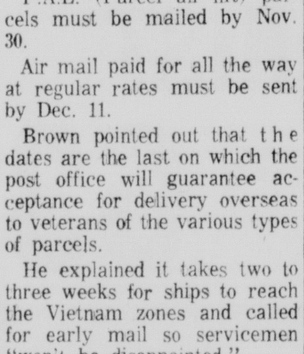

He explained it takes two to three weeks for ships to reach the Vietnam zones and called for early mail so servicemen "won't be disappointed."

Alan Page Defensive NFL Player

NEW YORK (AP) — Alan Page's pass rush last Sunday helped him win for the 6-foot-4 defensive tackle of the Minnesota Vikings The Associated Press' designation as defensive player of the week in the National Football League.

Washington's passers had been smeared only nine times in seven previous games and Sonny Jurgensen, in particular, had been dumped only six times. Minnesota got to the passer eight times last Sunday in a 27-14 win, plucking Jurgensen seven times and rookie Harry Theofiledes once.

Page, 250-pound former Notre Dame star, smeared Jurgy four times.

Bubba Smith, another second year man, was awarded the game ball by the Baltimore Colts after their 26-0 shutout of the New York Giants. Bubba made one big move to drag down Fran Tarkenton on a broken play and he put pressure on Tarkenton all day.

Sports Quiz

Here is a sports quiz to test the knowledge of area sports fans.

The quiz will appear in the Review every Thursday, along with the answers to the preceding week's quiz and the names of the people who got the most questions right. Winners will receive two tickets to a Pittsburgh Penguins Hockey game of their choice.

The questions are not meant to be easy and pertain in many cases to what is sometimes called "sports trivia". Answers must be received at the Review by noon on Wednesdays, either in person or by mail.

Jack Vodrey of Park Blvd. once again won the quiz, with six right answers. Vodrey did not know that Joe Schultz of Seattle appeared in a pro baseball game at the age of 13, that Leroy Kelly led the Browns in scoring with 42 points after the win over Atlanta, that Harry Walker was the manager injured in a taxi crash near the Pittsburgh Airport and that the Cubs led the NL in fielding in 1968.

Vodrey did knew that Canada and Bermuda are the two countries the U.S. must meet in the first round of the World's Cup soccer championships, that Eppie Barney scored for the Browns on a lateral this season, that the Kansas City Royals got Leroy Kelly's brother Pat in the baseball draft, that Penguins' longest winning streak last year was four, at the end of the season, that the Penguins held the edge on Toronto, and that the Penguins shut out Boston.

This week's questions:

1. Who had the longest hitting streak in the majors in 1968?
2. From what team did the Pittsburgh Penguins purchase goalie Les Binkley?
3. What Ohio sportswriter has the same name as a former outstanding college and pro football player?
4. What player whose last name is the same as an Ohio College was a small-college football record-breaker last season?
5. In what league are the Chicago Owls?
6. What Ohio college sports information director has a brother who was a college basketball star last season?
7. Who is considered the most aptly named college lineman in football today?
8. How many major league professional sports teams are there in the U.S. today?
9. When was the last scoreless tie in the NFL?
10. What major college football team went from 1939 through 1961 without a winning season?

Ohio Director Hits Proposed New Federal Highway Plans

COLUMBUS, Ohio (AP) — Proposed new federal highway regulations would take road-building out of the hands of the qualified and place it into the hands of the unqualified, Ohio Highway Director P. E. Masheter charged Wednesday.

Addressing the Ohio Sand and Gravel Association meeting here, Masheter said the new standards would take from state officials the right of decisions and place it into the hand of one federal official.

He said the U.S. Department of Transportation is trying to establish road - building standards "to serve bureaucracy, not people."

Proposed regulations published recently in the Federal Register, Masheter said, call for separate public hearings on corridor and design of highway projects instead of one hearing as required by Ohio law. He said the regulations become effective Nov. 22 unless unified efforts are made to have them nullified.

"Not only would interested persons be able to question whether roads should be built or even widened, the regulations also would require highway departments to consider killing a road project in favor of some other form of transportation, presumably rapid rail transit," he said.

Masheter said opponents of state decisions to proceed with a road project could automatically delay it by appealing to a federal highway administrator.

He said the proposal was an attempt by the Transportation Department to exceed authority granted by the Federal Highway Act of 1968.

None Injured In 3 Crashes

Five cars were damaged in three East Liverpool traffic mishaps Wednesday afternoon and night, but no one was injured, police reported.

A collision at 7:35 at Pennsylvania Ave. and Turner St. involved a 1961 sedan driven by Milton J. Williams, 51, of 990 Monaca St. and a 1968 sedan operated by Betty Harris, 32, of Center Rd., RD 1.

Williams told police he was turning from Pennsylvania Ave. onto Turner St. when the Harris auto backed from the curb and struck his auto. The woman said she did not see Williams' auto.

A mishap on Jennings Ave. at Orchard Grove Ave. at 4:17 involved a 1963 sedan driven by L. Kent Garvey, 26, of McDonald Rd. and a 1966 sedan operated by William E. Sisley, 16, of Sherwood Ave.

Garvey, a deputy sheriff off duty and driving his private car, said he halted on Jennings Ave. at the intersection and his auto was hit from the rear.

Sisley reported he had halted, but as he started to pull forward again a passenger in his car dropped a cigarette lighter. Sisley said when he bent to pick up the lighter, his car hit Garvey's auto. Sisley was cited into Juvenile Court on a charge of failure to stop in the assured clear distance.

The 1963 two - door sedan of Keith W. Brown, 18, of 838 Northside Ave. was damaged in a mishap at 12:11 on Dresden Ave. at Green Ln. He said the right front of his car was damaged as he attempted to pass a tractor - trailer rig that was turning into Green Ln.

Brown said the rig drifted as he was passing and the trailer section bumped his car. The rig was driven by George W. Laney, 31, of Lenoir, N.C., and owned by the Newton Transportation Co., Inc., also of Lenoir, police said.

Reds Critical Of Nixon

Foreign Reaction Widely Favorable To U.S. Vote

LONDON (AP) — Foreign reaction to Richard M. Nixon's election was widely favorable today, with conservatives enthusiastic, socialists cool to lukewarm and communists critical.

Hanoi and Saigon were silent, but South Vietnamese officials before the election preferred the Republican candidate because they considered him more hawkish than Hubert H. Humphrey.

In the first Soviet comment on Nixon's election, Pravda, the Communist party newspaper, said he was the "big business" candidate who won strong support in the large cities because he promised to suppress the "Negro upheaval."

Pravda said neither Nixon nor Humphrey gave the American people a "clear answer to questions of war and peace," and as a result "Americans quite openly voted not so much for as against one candidate or another."

In Asia, there was some concern and criticism mixed amid general approval of the election outcome. But anti-Communist leaders who know Nixon from his many visits to their areas welcomed his election and expressed confidence he would maintain close U.S. ties with the area.

In Venezuela, where Nixon was treated roughly on a visit 10 years ago, his election aroused some disappointment. Crowds in Caracas on election night cheered returns in which Humphrey led.

The Times of London said the first condition for success of Nixon's presidency would be to end the Vietnam war and added that "on foreign policy, Mr. Nixon's stated position accords with realities. Before the invasion of Czechoslovakia his harder line on Russia might have seemed a mere echo of Dullesism, but its tone now is probably about right for Europe's needs."

The London Daily Express noted that Britain's next ambassador to Washington, John Freeman, may be embarrassed because while editor of the weekly New Statesman he frequently attacked Nixon.

West Germans appeared pleased at Nixon's election. To a small sampling, at least, he presented an image of a no-nonsense man who would stand up to Soviet communism. Finance Minister Franz Joseph Strauss cabled the President-elect: "The American people have made a good decision. The free world has gained a good leader."

An Egyptian government spokesman in Cairo attacked all three presidential candidates as supporters of the Israeli "aggression" against the Arabs. In Israel, the man in the street recalled Nixon's strong stance during the campaign in favor of Israel. "Now all we have to do is wait and see that he lives up to those promises," one political writer said.

Chinese Communist newspapers in Hong Kong called Nixon "a hawk who has not given up the threat of new weapons and new military action in Vietnam."

Hong Kong editions of Peking's Ta Kung Pao and Shanghai's Wen Wei Pao also labeled Nixon a "rotten champion of American imperialism."

There was no reaction from Peking itself.

Solid pro-Nixon sentiment was evident on Formosa, Nationalist China's island.

"I am pleased," said Premier Thanom Kittikachorn of Thailand. South Korean Information Minister Hong Chong-chul said Nixon would help strengthen ties among non-Communist nations.

A Japanese foreign ministry spokesman said his government feels Nixon will ask Asian countries to shoulder a greater burden of responsibility for their defense. Concerning policy toward Japan, he said he feels Nixon "will follow the same fundamental line of the Johnson administration on basic issues."

job he left in 1964 when Lyndon B. Johnson chose him as his vice presidential running mate.

Although he lost the national election Tuesday, Humphrey got 809,070 votes in Minnesota or 54 per cent of the total. Richard M. Nixon got 42 per cent and George C. Wallace 5 per cent.

This happened in a state with a Republican governor, a congressional delegation dominated by Republicans and a state legislature controlled by the Republican-oriented conservatives.

candidates himself, saw most of his state ticket go down to defeat. But Democrats made a sweep of Cook County offices.

Gov. Samuel H. Shapiro, seeking election to his first full term, was defeated by Republican Richard B. Ogilvie, who has been a thorn in Daley's side since Ogilvie's election as sheriff of Cook County in 1962.

Only three Democratic candidates—and these independent of Daley and one a subtle critic of the mayor—were elected on the state ticket.

Edmund J. Kucharski, county treasurer and Republican county chairman, answered Daley's "voting irregularity" charges by saying they were "completely absurd."

"Here is a man who has a tremendous craze for power," Kucharski said, and he lost. "No wonder Daley lost his cool."

Earlier, Kucharski said that 2,500 to 3,000 Republicans in the suburbs were refused ballots Tuesday and were told their names were not on the voter rolls.

Mrs. Marie H. Suthers, lone Republican on the three-member board of election commissioners said the charges that returns in heavily Republican suburban communities had been intentionally delayed were "purely political" and "simply untrue."

The election canvass will be completed by Nov. 25, Sidney T. Holzman, chairman of the election commissioners, said.

William Rentschler, chairman of the Illinois Citizens Committee for Nixon, said the FBI has been asked to monitor the counting of untabulated ballots.

Board Begins Action For School's Addition

SALINEVILLE — The first step toward the addition of six rooms at Southern Local High School was taken by the board of education Wednesday night with approval of a "resolution of necessity."

Supt. Thomas Leek said plans call for the submission of a $160,000 bond issue at next May's primary.

Auditor Kenneth Bell, pointing out that the official figure still is being compiled, estimated this morning that about eight-tenths of a mill would be required.

Southern Local has experienced growing pains along with other districts in the area. When the new high school, built for 350 students, opened in 1963, there was an enrollment of over 400. Today, high school students are being transported to the Highlandtown Elementary building for classes because of overcrowded conditions.

The board "regretfully and reluctantly" accepted the resignation of Luther Woodall, teacher and principal at the Wayne Elementary building, effective Jan. 31. Woodall cited failing health.

The policy for professional negotiations with the board for teachers and other school employes will be discussed at the next board meeting.

Leek reported the state bus survey will begin Nov. 19 and announced final approval of Title II, with a check for $584.58 received.

Mrs. Mary Bender and Mrs. Sarah Smith were granted permission to attend a conference of instructors in Cleveland Nov. 21 and 22 as elected representatives of the Columbiana County Teachers Association.

The approval of Mrs. Arlene Clark as a substitute bus driver was approved. Action on requested cook reclassification was again tabled for further study.

Miss Darlene Balmos, president of the Southern Local Teachers Association, will meet with the board at its next meeting Dec. 11 to discuss areas of fringe benefits for teachers.

Talks

as a separate entity. When Saigon balked, the United States refused to go ahead with the talks.

Nixon at the least is expected to name, with President Johnson's consent, a representative to join Ambassadors W. Averell Harriman and Cyrus R. Vance in Paris until Jan. 20, the day Nixon becomes president.

There have been signs that South Vietnam's President Nguyen Van Thieu gambled on Nixon winning, hoping this would result in stronger support for his position than he has been getting from Johnson. Thieu feels that allowing the NLF a voice of its own at the talks will be a big step toward a coalition government which the Communists would take over after the United States withdraws its forces from Vietnam.

Congress

that the Senate's Democratic majority will not oppose Nixon's recommendations to Congress "just for the sake of opposition."

"He's the winner, the people have expressed their will," Mansfield said.

"We'll give him our loyal support when he is right," Mansfield told a reporter. "When we disagree, we'll oppose not just for the sake of opposition but will try to offer constructive alternatives."

This was the position Johnson took when he was the Senate Democratic leader during the Eisenhower administration. The Democrats controlled the Senate and the House during all but the first two years of Eisenhower's eight years in the White House.

Nixon—and the Republican platform—advocated tax credits especially for dealing with problems of the city poor and unemployed.

Newell Resident Heads W.Va. Dietetic Group

Mrs. Betty Ronan of 900 Grant St., Newell, was installed as president of the West Virginia Dietetic Association at the semi-annual meeting which opened today at the Greenbrier, White Sulphur Springs. It will continue through Friday.

In addition to her responsibilities as head of the Dietary Department at Weirton General Hospital, Mrs. Ronan has been active in the National Dietetic Association through attendance of their meetings and administrative institutes, the most recent the annual meeting in San Francisco. She is also a member of the American Society for Hospital Food Service Administrators.

Mrs. Ronan, a graduate of Kent State University, worked for the Youngstown Hospital Association and the Hancock County Board of Education prior to joining the staff at Weirton General Hospital. She has two daughters, Pamela, a freshman at Fairmont State College majoring in Psychology, and Terrie, a sophomore at Oak Glen High School.

As plans are developing for activities for the state dietetic association for the coming year, Mrs. Ronan said "much emphasis is being placed on continuing education for both the dietitians and their food service workers." Under Mrs. Ronan's direction, a program was launched three years ago throughout the state with various institutions serving as host. Explanation was given of the facilities at the particular hospital and their approach to organizational and administrative procedures.

Speakers were obtained to update food service supervisors and workers on such topics as communication, diet therapy and newer methods of food preparation. Mrs. Ronan said the program has met with an unusual degree of success.

It is being continued this year, with the first meeting held Sept. 27 at St. Mary's Hospital in Huntington.

Miss Geraldine Billcheck, Mrs Catherine Vidich, and Mrs. Julia Baczewski of the Weirton General Hospital dietary staff joined Mrs. Ronan for this session.

The next meeting will be Jan. 10 at the Ohio Valley Hospital in Wheeling.

Mrs. Ronan said the aim of the association for the coming year is "to expand the educational programs in as practical an approach as possible. If not, with the shortage of all medical related personnel, hospitals will not be in a position of maintaining and improving upon the nutritional standards of the institutions within the state."

How Can I?

By ANNE ASHLEY

Q.—How can I make a lime-oak finish?

A.—Stir a pound of unslaked lime into two quarts of water. Rub this across the grain of the wood, and wipe when partly dry (to prevent accumulation of excess lime). Seal with two coats of thin white shellac, and finish with a thin coat of paraffin wax.

Q.—How can I clean tarnished pewter?

A.—With silver polish. Many other such cleaning helps are contained in my household-hints manual.

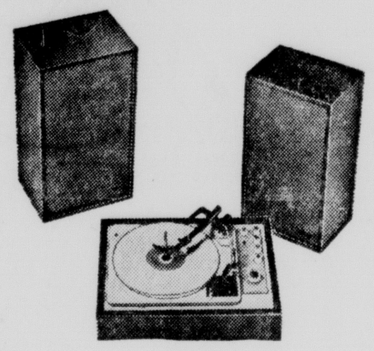

Q.—How can I remove old water paint from a concrete wall?

A.—Dissolve a pound of trisodium phosphate in a gallon of hot water, apply this very liberally to the wall, soaking the wall thoroughly. Then scrub with a stiff wire brush, removing all the paint from the crevices and cracks.

Q.—How are brushes that have been used for varnish or shellac properly cleaned?

A.—Varnish brushes are cleaned with turpentine or mineral spirits, and shellac brushes with denatured alcohol.

Central State U. Given $200,000

WILBERFORCE, Ohio (AP) —John H. Bustamante, chairman of the Central State University board of trustees, announced Wednesday the university had received a gift of $200,000.

He noted that the money, given by the Minnesota Foundation, is the largest private grant in the history of the university.

Bustamante, a Cleveland lawyer and chairman of the board for the past five years, said the money was given to assist CSU in acquiring the Wright Apartments, a nearly completed, 50-unit complex adjacent to the campus. The new units will fill the long-felt housing needs of the CSU faculty, staff and married students, he said.

How Can I?

By Anne Ashley

Q.—How can I keep that hard-to-remove substance from gathering on the sides of my pans when boiling sweet potatoes?

A.—A half-teaspoonful of bacon drippings or other grease, added to the water in which your sweet potatoes or other root vegetables are boiled, will do the trick.

Q.—How can I add sparkle to chinaware and glassware when washing it?

A.—By adding three or four tablespoons of vinegar to the hot water in which you rinse these items. This cuts the soapy film and your dishes will be dry and sparkling with only a swish of the towel.

Q.—How can I remove grease and smoke stains from woodwork?

A.—By first painting over the woodwork with a solution of starch and water, then when this has dried, rubbing off with a soft brush or clean cloth.

Q.—How can I treat animal stains on carpeting?

A.—Wipe over the spot immediately with a damp cloth, cover it with dry cornmeal, and leave it for several hours. Then vacuum the carpet. Many other such tips on the care and cleaning of floor coverings are contained in my household manual.

Q.—How can I strengthen glassware and make it less fragile?

A.—Put your glassware into a vessel filled with slightly salted water, which you then allow to come slowly to a boil. The slower your boiling, the hardier your glassware will be.

Q.—How can I effect a good "homemade" ink eradicator?

A.—A solution of one part chlorinated laundry bleach and ten parts of water does a good job of eradicating ink from paper used in the same manner as you do the commercial type of eradicator.

Q.—What can I do when there is too much polish on my furniture?

A.—Wring a soft cloth out in a mixture of ¼-cup vinegar and ½-cup water, rub this over the furniture, then dry immediately with another soft cloth.

Q.—How should woolen materials be pressed?

A.—Press on the wrong side. Use a damp cloth between the iron and the material. Use a moderately hot iron, and apply until the cloth is dry.

3 Gunmen Sought In Youngstown Theft

YOUNGSTOWN, Ohio (AP)—Youngstown police are searching for three gunmen who escaped Wednesday with more than $18,000 from a bank.

Police said the men robbed three tellers at the Dollar Savings and Trust Co.'s South Side branch and then fled to a waiting getaway car through a parking lot.

Ben Tucci, a loan officer, told police he followed one of the men to the parking lot where the robbers pointed revolvers at him as they sped away in the auto.

Visitors to the Virgin Islands National Park "hike" one of its paths in swimming trunks, mask and flippers.

Ohioan In Fire Case Arrested In Illinois

MAYWOOD, Ill. (AP) — Ronold Dole McCance, 34, of Melrose Park, accused of setting fire to his wife's house in Canton, Ohio, last February, was arrested by FBI agents Wednesday.

McCance was arrested on a warrant charging him with interstate flight to avoid prosecution for arson.

Owens-Illinois Inc. To Hike Price Base

TOLEDO, Ohio (AP)—Owens-Illinois, Inc., announced Wednesday it plans to increase the base price of most of the glass containers it makes from 4 to 7 per cent, effective Jan. 1.

Eben C. Jones, executive vice president, said the price hike will affect all glass containers except beer bottles, for which prices were raised Oct. 1.

2 Brothers Arrested In Novarro Case

HOLLYWOOD (AP) — Two brothers from Chicago — one of them a teenager — were arrested Wednesday and booked on suspicion of murdering former silent screen star Ramon Novarro, whose nude body was found in his posh Hollywood home Oct. 31, police said.

Officers said Paul Robert Ferguson, 22, and Thomas Scott Ferguson, 17 were being held at the North Hollywood police station.

Police Lt. G. W. Lauretzen said the brothers were arrested without a struggle in Bell Gardens — Paul at a restaurant and Thomas at the home of a friend, where he was staying.

The officer said Paul Ferguson had come to Los Angeles from Chicago about five months ago and that his brother arrived about three weeks ago.

Lauretzen said the probe into the 69-year-old Novarro's bludgeon death turned up the brothers' names "and we centered our investigation on them. After checking out the physical evidence we decided we had enough of a case to ask for indictments."

The body of Novarro was found by his male secretary in the former screen idol's $150,000 Laurel Canyon home. Officers said Novarro's head and upper body were badly beaten and that there were signs of a fierce struggle at the house.

Masons To Initiate

CLEVELAND, Ohio (AP) — A new membership class of more than 700 will be initiated at the fall reunion of the Scottish Rite Masons of Northern Ohio here Nov. 18-23. The class will be named for Hubbard C. Wilcox, an Elyria lawyer and 33rd degree Mason.

Undecided On Tax

ELYRIA, Ohio (AP) — Mayor Leonard P. Reichlin says it has not been decided whether the proposed one per cent city income tax here will be resubmitted to the voters. The tax, which would have raised about $1.6 million a year, was defeated Tuesday by an unofficial count of 8,646 to 7,104.

William Henry Harrison was the first U.S. president to die in office.

ANN LANDERS

Smoker Loses Welcome

By Ann Landers

Dear Ann Landers: Listen to this and tell me if I'm crazy. A friend I had not seen in years came to visit me. I don't smoke but I've been around a good many smokers and it never bothered me much. This woman was something you have to see to believe. She was never without a cigarette between her lips.

When she talked, the smoke curled up and down and sideways, out of her mouth and out of her nostrils. She dropped ashed on her clothes, on the rugs, on the tablecloth — wherever she went there was a trail of cigarette butts. During every meal she puffed away while she ate — between bites. I never saw anything like it.

At night I couldn't sleep because I knew she was smoking in bed and I was scared to death she'd burn the house down. And then there was the incessant coughing and hacking. It made a nervous wreck of me. She'd turn blue and light another cigarette.

I always have been a fairly tolerant person but this woman and her cigarettes go to me. When she hinted that she'd like to come back to visit next year, I told her I couldn't stand another visit because of her smoking. She said I was the craziest, most ungracious person she'd ever met. What do you think? — SMOKED OUT.

Dear Out: I don't think you're crazy or ungracious. I think you were pushed beyond the point of endurance and you let her know it.

I feel sorry for your friend, however. She's addicted to tobacco as surely as a junkie is hooked on dope, and she could come to a very sad end.

Her Auto-Motto

Dear Ann: This is for the "comfortable but not rich" widow with the sick Cadillac. She was looking for a husband who knew how to keep up a car because she was "tired of the repair bills." Doesn't this woman know widows are A1 targets for crooks? Apparently not, so I'd like to give her a few tips.

1. Don't let a service station attendant do any major repair work on your car. They're not set up for it and 95 per cent of the gas pumpers are not qualified to repair anything.

2. If something goes wrong, take your car to three or four places for a check. Let the mechanics explain the problem and ask how much it would cost to put the car in A1 shape. When you find two mechanics who agree, pick one and stick with him.

3. When a gas station attendant starts to tell you your car is "in terrible condition," pull out a notebook, write down what he says, and tell him you'll take it up with your mechanic. He won't pester you again.

4. If you get stuck in the wilderness, have the car towed to the nearest Cadillac agency. If the car is new and you've got a lemon, insist that the man you bought it from give you satisfaction or write to Detroit. — WISED-UP WIDOW.

-:-

Dear Wised: I don't know who will love me the most — the gas station attendants or Detroit. At any rate, your letter makes sense and I thank you for writing.

Confidentially

To One Jump Ahead and Winning on All Fronts: Don't be so sure of yourself, Buster. Sometimes when you build a better mousetrap, nature breeds a smarter mouse.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a long, self-addressed, stamped envelope.

HINTS FROM HELOISE

Paints Cute 'Throw Rug'

DEAR HELOISE: We have linoleum on our floors in the kitchen, bathroom and one bedroom. It wears in the heavily traveled spots.

Heloise

We have tried painting the whole floor with linoleum paint but after a while it shows wear in certain areas This is usually where we get out of the bathtub, beside the bed and in front of the kitchen sink and stove. So here's what I did. . . .

I took a pencil and literally drew "throw rugs" around each worn spot! Then I painted them with the special lineoleum paint in a different colors. I even took a brush and drew fringe around the little oval "rugs" I had painted.

Sure hides the worn places and saved us lots of money too. Think of all the work and time I saved by not having to paint the WHOLE floor!

"HELOISE BELIEVER".

-:-

I, too, have painted linoleum kitchen floors. I learned when I painted mine that eventually it would wear in those same old spots that were worn before.

What you have done is build up an area with paint exactly where it needs to be. Besides, aren't those little false rugs pretty on your floor?

The thing I like about your idea, honey bee, is the money and effort you saved. Why should we paint around the edges of the room when it doesn't even need it?

We all love you.

HELOISE.

LETTER OF LAUGHTER

DEAR HELOISE: Just had a thought. . . .

But now I've forgotten what it was. Can you give me a hint? I'm completely lost.M. J. WEST.

DEAR HELOISE: Empty cottage cheese cartons made wonderful containers when thumbtacked on the inside of the door under the kitchen sink to hold those little items you never have a place for . . . rubber bands, corn holders, a cork or two, etc.

B.Y.

DEAR HELOISE: Here's a hint for people who must avoid excess sugar and fat in their diets:

Any restaurant will serve a salad without dressing.

For tossed salads and some fruit salads, I ask for a cruet of vinegar and a small glass or cup. I pour about an ounce and a half of the vinegar into the glass and add artificial sweetening tables.

These dissolve rapidly and makes a delicious sweet-sour non-fat dressing with no calories. Vary the number of tablets to suit your own taste.

N.H.

DEAR HELOISE: When I want to oil where the spout of my oil can won't reach, I take a broom straw and put the end where I want the oil to go. Then bend it slightly, put a drop of oil on the straw and presto, it runs right on down and goes where it should.

MRZ. TOWNER.

DEAR HELOISE: Here's a good hint for people who live in small apartments or mobile homes and have limited shelf space, but perhaps a little extra closet rod space.

Take two clothes hangers and one large shopping bag (the sturdy kind). Put the hooks on the two hangers through the handles of the shopping bag, with both hooks facing the same direction, and hang on the closet rod as if you were hanging up a garment.

Great for storing toys, out-of-season clothes, vacuum cleaner attachments, etc., leaving valuable floor and shelf space free.

MARY L. DEMETRI.

DEAR HELOISE: I wonder if your readers know that you can grease a pan with margarine before cooking grits and they won't stick to the pan?

No soaking pot and no steel wool!

Just perfect grits.

SARAH JANE.

Slate National Expansion Plans

CLEVELAND, Ohio (AP) — A national expansion program that includes the immediate addition of 25 hotels and inns and 100 new-style, compact restaurants is planned by the Cleveland-based Stouffer Restaurant and Inn Division of Litton Industries, Inc.

Plans for the expansion program were announced Wednesday night by Robert L. Bruder of Cleveland, a Litton vice president and coordinating manager for the Litton Food Service GROUP.

No dollar cost was indicated for the coast-to-coast expansion but financial circles estimated the program would involve a total investment of approximately $100 million.

Bruder said 20 of the new restaurants will be opened by the end of next year. The new facilities will increase Stouffer's totals to 34 hotels and motor inns and 150 restaurants.

No specific mention was made of new units for the Cleveland, area, but Bruder said, "construction of new inns in California, Pennyslvania, Washington and several more in Ohio with openings starting in 1970 is scheduled to begin at once."

Thomas Jefferson entered a public contest to choose the design for the White House. The contest was won by James Habon.

Junior Editors Quiz on KUWAIT

QUESTION: *Would you tell us about the country of Kuwait?*

* * * *

ANSWER: Look at Arabia in an atlas and you will see the location of the Persian Gulf. At the head of this gulf, you can locate the small country of Kuwait extending a little down the west side. This is a typical Arabian country where the sun sets over a scorching desert silhouetted with the shapes of camels and the tents of their owners (1). The city of Kuwait had for centuries been a trading port in goods which flowed between Europe, Africa and Asia. Then, suddenly, there was a dramatic development. Oil — petroleum — the vital material which fuels the modern world — was discovered under Arabia's desert sands. Kuwait, beginning to probe for oil in 1936, struck it rich. An enormous oil field was discovered within its territory. British and American oil companies obtained concessions to work the field, giving a 50 percent share to the sheik who was the ruler of Kuwait. He became fabulously rich; but, fortunately, used his wealth to develop and modernize his country. Now, proud independent Kuwait is extremely prosperous.

(Thomas Harpole of Beverly, Mass., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Sports Whirled

By TURK PIERCE
Review Sports Editor

Recently this department received a communication soliciting votes for a certain high school in the state football polls.

There is nothing unusual about this, such requests come at the average of at least one a day. What made this one different was that it wasn't from a school, it was from a newpaper, or at least from a sportswriter on the paper.

This writer was extolling the virtues of a small Class AA school that was unbeaten and unnoticed in the polls. It's doubtful that this team could beat the reserve squads of some of the giant schools that dominate the Top 10.

BUT THE strength of the team is beside the point. The point is that a newspaper should not be in the business of soliciting votes. When you start doing this, you stop being a reporter and become a public relations man. A newspaper "tells it like it is," or at least tries to, while a PR man tells it like he'd like to have you believe it is.

Contrary to what some people wish, the Review is not a public relations sheet for East Liverpool High School, or any other high school or organization in the area. On the other hand, a newspaper does not, as some people say, print only bad news. The object is to print everything that happens, shielding no one, but not unduly knocking anyone, either. We should be thankful that unfortunate events are so much in the minority of everyday life that they are still newsworthy. When the time comes that death and crime are so commonplace as to go unnoticed, then we're all in trouble.

PEOPLE involved with a school or a team, such as coaches and students, get deeply emotionally involved. This is only natural. But the function of a newspaper is to try to sort out the emotion from the facts and give the reader the facts. Editorials and columns may take sides, but these are recognized as one man's opinion, and don't detract from the objectivity of the newspaper.

Many people knock the WPIAL's Gardner Point system, used to determine the playoff qualifiers in that area. It is not perfect, but it certainly is a lot more reliable than a group of writers voting on teams they have never seen. The polls in Ohio create a lot of reader interest, but shouldn't be taken so seriously.

JOHN PETCHEL, Western Beaver's versatile quarterback, has been put on the Pennsylvania Big 33 checklist, meaning that he will be considered for all-state honors at the end of the season.

WILMER (Vinegar Bend) Mizell, former National League pitcher who won 10 games for the Pirates in 1960, was elected to the U.S. House of Representatives from the Winston-Salem area of North Carolina.

Aviators Play Tough Schedule

By TURK PIERCE
Review Sports Editor

At the beginning of the season the Alliance Review predicted that the Alliance Aviator football team would "roll over" seven opponents, including East Liverpool.

The Aviators have "rolled over" only four opponents so far, but would dearly love to make the Potters victim number five when the teams clash at Patterson Field at 7:45 Friday night in the season's finale.

Alliance plays one of the toughest schedules in Ohio, and no doubt coach Mel Knowlton winced when the paper said his squad would roll over Warren Harding and Canton McKinley. Harding won 33-0 and McKinley 32-0. The Aviators did beat Akron Central 34-0, Akron Buchtel 20-0, Barberton 6-0 and Bedford Chanel 31-6. The teams rated as tough on the Aviator schedule all proved to be, as Struthers won 34-6, Massillon 32-6 and Cuyahoga Falls 22-14. The five teams that have beaten Alliance have lost a total of only six games all year.

Another incentive for Knowlton is that this will be his last trip to East Liverpool as a coach. Last week Knowlton said that 1969 would be his last season of coaching football at Alliance.

The Aviators beat Bedford Chanel last week without their top rusher, Stan Terrell. Terrell was dropped from the team for disciplinary reasons, and the morale of the squad is reportedly considerably improved since the move.

Fullback George Cameron is the current leading rusher for Alliance, and he picked up 81 yards against Chanel. Brad Geltz and Derek Rogers are the halfbacks and Jim Albu the quarterback. Bob Knowlton, the coach's son, is a reserve quarterback and the best passer on the squad. Knowlton has been hampered by injuries.

Roland Purdy and Ray Biery are the ends, Jim Beckwith and John Crockett the tackles, Gary Gemberling and Sonny Ferguson the guards and Mike Fulop the center.

The Potters 7-2, will finish the season the way they have played most of it — at less than full strength physically. Tom Chambers is out with a knee injury, and Herb Purton is out with a head injury. Numerous reserves are also out for the season, forcing the first team players to play more than one position.

Fullback Jim Musuraca is expected to start though he has been hampered by an injured stomach muscle. Nelson (Sonny) Clark and Steve Williams will be the other running backs, with Floyd (Bub) Cranston ready to step in. Dan Cunningham is set at quarterback. John Johnson will be the split end, and can play quarterback or halfback if necessary. Jerry Christian, who is hampered by an ankle injury, will be the tight end. Tom Gooding will replace him if the injury is too severe.

Stanley Ice and Don Cochran are set at tackles, Denny Brennen at center and Lou Volino at one guard. Frank Butler or Bob Pugh will be the other guard.

On defense, Ice and Cochran are the tackles, Cranston the middle guard, and Christian and Melvin the ends. John Haney backs Christian. Musuraca has switched to rover back, with Volino and Brennen the linebackers. Johnson, Clark and Pugh are the deep backs, with coach Bob McNea readying numerous other combinations in case of another injury.

Last year at Alliance the Potters scored late in the game to win 14-8 in a bitterly fought contest. Prior records mean little when these two traditional rivals clash.

Bullets Keep Winning In NBA East

By The Associated Press

If an election were held today for the most surprising team in the National Basketball Association, the Baltimore Bullets would win hands down.

After five years of finishing in the depths of the Eastern Division, the Bullets have suddenly become a contender, and they scored a rousing 140-119 victory Wednesday night over the Atlanta Hawks.

Only Cincinnati's 133-122 decision over the Chicago Bulls kept the Bullets from jumping into first place as they stand only 28 percentage points behind the 7-2 Royals and remained tied with the 6-2 Boston Celtics.

In other action Detroit broke away from Seattle 127-118, Los Angeles bounced Milwaukee 128-115 and San Francisco nipped New York 94-93.

The addition of rookie center Wes Unseld to complement Earl Monroe has made the difference in Baltimore. They scored 22 and 29 points, respectively, along with 24 by Kevin Loughery against the Hawks. But it was Leroy Ellis and Ray Scott who led a 49-point fourth quarter surge that moved them from a 12-point deficit in the third period to a 109-90 lead.

Ellis hit all his 15 points and Scott 10 of his 14 in the final half.

Don Ohl's 27 points led the Hawks, playing without Zelmo Beaty, who damaged the cartilage in his right knee in pregame warmups.

Jerry Lucas and Tom Van Arsdale shot Cincinnati into a 69-42 lead in the first half and Oscar Robertson added 31 points as the Royals breezed.

Detroit won for the fifth time in six starts as it exploded from a 111-111 tie in the final period behind Dave Bing, who finished with 37.

Seattle Coach Al Bianchi drew three straight technical fouls and was ejected along with center Bob Rule.

Elgin Baylor's 33 points for Los Angeles broke open a tight game in the final period. Wayne Embry had 30 points for the Bucks.

Jeff Mullins' 10-foot jump shot with three seconds to play capped San Francisco's comeback over New York. The Knicks had gone ahead 93-92 with seven seconds left on a basket by Dick Barnett.

The Warriors, who overcame a 13-point deficit in the third quarter, were sparked by Rudy LaRusso's 24 points, including 10 in the final period. Cazzie Russell led the Knicks with 18.

Wings Edge Hawks 6-5; Blues Down Penguins

By The Associated Press

The Detroit Red Wings used something old and something new but in the end it was Bruce MacGregor who left the Chicago Black Hawks blue.

The something old was Gordie Howe, performing for the 23rd season in the National Hockey League. The something new was young Nick Libett, a rookie center, who won't be 23 years old until next month. Both Howe and Libett scored two goals—Gordie's pair giving him 694 in regular season play.

But it was MacGregor's third-period goal that sunk the Hawks 6-5 Wednesday night.

In other NHL action, Toronto nipped Minnesota 1-0, Boston bombed Philadelphia 7-1, St. Louis dropped Pittsburgh 3-1 and Los Angeles blanked New York 2-0.

Howe, Libett and another rookie, Danny Lawson, gave Detroit a first period edge. But Erick Nesterenko hit twice and Pit Martin, Chico Maki and Jim Pappin all scored for Chicago—Pappin's third-period goal tying the game after Howe's second of the night.

Then MacGregor's first goal of the year with 5½ minutes left to play won it for the Red Wings.

Bobby Hull had four assists and took over the NHL scoring lead from Chicago teammate Stan Mikita. Hull has nine goals and 13 assists for 22 points compared to Mikita's 5-13-18.

Toronto spoiled John Muckle's debut as Minnesota coach by nipping the North Stars on a third period goal by Paul Henderson.

The fiercely forechecking Leafs protected goalie Bruce Gamble, who played the shutout in only his second start of the season. Most of Minnesota's 27 shots were harmless.

Henderson, roaming free about 20 feet in front of Minnesota goalie Cesare Maniago, whipped a waist high shot for the goal after taking a pass from Floyd Smith.

St. Louis bunched three goals in 11 minutes of the second period to beat Pittsburgh. The trio of scores came after the Penguins' Earl Ingarfield had snapped a scoreless tie in the second period.

Then Camille Henry, the West Division's leading scorer, potted his eighth goal of the year and Bill McCreary and Ab MacDonald also hit.

The Penguins managed 20 shots at Glenn Hall while the Blues got 31 off at Les Binkley.

Phil Esposito scored twice for the Bruins who bombed ex-teammate Bernie Parent and beat Philadelphia. Parent, who made 39 saves, was brilliant during a scoreless first period but Boston broke through with three goals by Tommy Williams, Ken Hodge and rookie Wayne Cashman in the second.

Then Esposito hit twice and Gary Doak and Derek Sanderson once each in the final 20 minutes. Gary Dornhoefer, another ex-Bruin, scored the Flyers' one goal.

New York lost its first game of the season against a West Division team after seven straight victories, as rookie goalie Gerry Des Jardins of Los Angeles turned in his first NHL shutout. Des Jardins, in handling 32 shots, handed the Rangers their first whitewash in 59 games.

Ed Joyal's power play goal gave the Kings a 1-0 lead late in the first period. With 48 seconds to play, Ted Irvine scored on 50-foot shot into an empty net after New York pulled goalie Ed Giacomin in favor of an extra skater.

Conigliaro Goes 1-For-3 In Florida

SARASOTA, Fla. (AP) — Tony Conigliaro played his first game as an outfielder Wednesday since his unsuccessful comeback attempt last spring and had a solid single plus a 400-foot foul in three at bats.

The Boston Red Sox defeated Cincinnati Reds 5-2 in an Instructional League game as Tony singled in the first inning and triggered a three-run rally. He took a called third strike after belting his towering foul in the second, and he popped out in his third and final time up.

All this was on a sunny day with the type of glare which he says has bothered him most since he suffered an eye injury when hit by a pitch Aug. 18, 1967.

Campbell Picks 2 Upsets In Bid For Yogi Title

The Review Grid Yogis show a surprising degree of unanimity in the last week of the season, with five games picked 7-0 and three others 6-1.

Four Yogis — Turk Pierce, Bob Duffy, Rose Nuzzo and Bob Shaffer — have identical picks, and are therefore the consensus. Chuck Campbell, sharing the lead with Pierce, picks Columbiana over East Palestine and Beaver Local over Jefferson Union in upsets. He is joined by Pete Weaver in both of these picks and Ed Clutter also favors Beaver Local.

Clutter also takes Oak Glen over John Marshall and the Steelers over the Cardinals. Weaver is alone in picking LSU over Alabama.

The unanimous picks are East Liverpool over Alliance, Salem over Wellsville, Lisbon over United, Penn State over Miami (Fla.) and Kansas over Oklahoma.

LITTLE LEAGUE FOOTBALL COMES OF AGE

Saturday night over 1,000 fans watched the stellar performance of the GLENMOOR RAMS and the DIXONVILLE VIKINGS at Patterson Field. GLENMOOR prevailed 12-0 in a closely contested battle under the lights. GARY CUNNINGHAM starred for the RAMS with his hard-hitting runs. The rifle arm of KIM KUCZYNSKI led the way for the VIKINGS with able assitance from running back MIKE DAVKA. "KIM" also had some fine punts and kick-offs for Dixonville.DANNY PARSONS, MIKE DAVKA, and MIKE FORZANO of Dixonville gave rock-ribbed performances on defense. Combining for some "Sock-it-to-'em" tackles! GYLNN, SERASO, and RICE were the guiding lights for GLENMOOR'S hard - hitting defensive unit.

For those wanting more of the same and those uninitiated to Little League Football, there's going to be a big ALL-STAR GAME SUNDAY AFTERNOON at the GLENMOOR RAM'S FIELD.

The all star game will be played by the Bill Booth Little League's graduating class of 13-year olds. (13 is the maximum age, 115 lbs. the weight limit) This will be the boys' final appearance as Little Leaguers, and you can bank on plenty of smacking football from them.

None of the Little League teams are sponsored. The teams uniforms, pads, and equipment are paid for through the efforts of each team's boosters club. Bake sales, rummage sales, car washes, candy sales — the mothers ingenuity in this direction knows no limit. Squads carry as many as 60 boys so the mom's have to keep buzzing!

For the gourmet football fans, the Little League Mothers generally have an ample supply of home-made-pies, cakes, cookies, and coffee. Just to make the game a little more enjoyable.

Inquiries as to the location of the Glenmoor field or information about the league may be obtained from, Kay Ridgon, League President, Frank Hillyard, Benny Webber, John Bell, or Orin C. Smith.

ALL ST★R GAME THIS SUNDAY!

This Salute to Bill Booth Football and the kids that play in it is presented By Al Green Lincoln-Mercury instead of the column "YOUR CAR."

Darel Carrier's 48 Points Lead Colonels By Pipers

By The Associated Press

As far as the Minnesota Pipers are concerned, Darel Carrier sure picked a lousy time to go on a 48-point scoring binge.

Carrier's career-tying outburst Wednesday night guided the Kentucky Colonels to a 131-112 rout of the Pipers—their first setback in five American Basketball Association games this season.

In other ABA activity, Denver nipped Indiana 109-107 in overtime, Miami whipped New Orleans 123-109 and Los Angeles defeated Dallas 123-117.

Carrier, who scored 48 points in a game with New Orleans last season, drilled in seven three-point shots from beyond the 25-foot range in powering Kentucky from a five-point halftime deficit to a 92-84 command at the end of three quarters.

Darel's showing overshadowed performances by Minnesota's three gunners—Connie Hawkins, Charles Vaughn and Charlie Williams. Hawkins had 32 points while Vaughn, who hit six straight three-point attempts, and Williams each had 26.

Denver's Wayne Hightower connected on a hook shot with 16 seconds left to send the game into overtime, and Larry Jones tallied on a driving layup and later hit a crucial free throw in the extra session, enabling the Rockets to win their first game in five starts.

Lonnie Wright led Denver with 26 points, while Indiana's Mel Daniels had 29.

Miami trailed by as much as 16 points in the third quarter before launching a rally that made the Floridians' home debut a success.

Les Hunter scored 33 points and grabbed 15 rebounds, including vital ones when Miami outscored the Bucs 23-2 at the end of the third period and start of the final session. Austin Robbins and James Jones each scored 23 for New Orleans.

Los Angeles overcame an early 21-5 deficit in handing winless Dallas its third straight setback. Steve Chubin triggered the Stars' comeback.

Chubin's basket with 37 seconds left in the third quarter put Los Angeles ahead 91-90. Ron Boone gave the Chaps the lead again but Chubin's three-point goal on a 40-footer enabled the Stars to go in front at the end of the period.

Ben Warley topped Los Angeles with 40 points and Chubin contributed 27. Charley Beasley was high for the Chaparrals with 35.

San Diego State Still Top Small College Team

By The Associated Press

The lower end of The Associated Press Top Ten in small college football underwent some shuffling today, but up front the tune was the same as the first 4½ places remained firm..

The half came up in the No. 5 position in which Tampa broke a deadlock with Weber State with a 22-19 victory last Saturday over Northern Michigan while Weber was dropping to 11th after a 50-42 loss to Idaho.

San Diego, North Dakota State, Chattanooga and New Mexico Highlands held their 1-2-3-4 spots with easy victories, although San Diego had its first place lead cut.

The Aztecs drew 10 of the 16 first-place votes and 266 points, down four top votes and 46 points from last week, despite a 42-12 rout over Fresno State. North Dakota State, with one first-place vote, had 232 points, a drop of 37 but a pick up of nine on San Diego.

Chattanooga, with one first place vote, had 191 points after a 20-6 decision over Tennessee Tech, and New Mexico Highlands had one top vote and 181 points after a 70-7 barrage of Western Colorado.

Eastern Kentucky moved up from seventh to sixth with a 21-20 squeaker over Murray State, and Indiana, Pa., moved from eighth to seventh after bombing California, Pa., 41-0. Western Kentucky rose from 10th to ninth by beating Morehead 24-21.

Texas A&I and Arkansas State joined the Top Ten, A&I jumping from 11th to eighth with a 43-0 victory over Sul Ross, and Arkansas moved from 13th to 10th by blasting Lamar Tech 48-17.

Dropping out with Weber was Morgan State, which had a 31-game winning streak ended with a 7-6 loss to North Carolina A&T and fell from ninth to 14th.

Lenoir Rhyne moved from 18th to 12th and Appalachian from 19th to 13th for the biggest improvement. Kings Point and Emory & Henry joined the first 20 at 17th and 18th respectively, while Central Michigan and East Texas State dropped out from 16th and 17th, although East Texas won last Saturday.

Points are awarded for the first 15 picks by a panel of sports writers and sportscasters throughout the country on the basis of 20-18-16-14-12-10-9-8-7-6-5-4-3-2-1.

Rookie Boerwinkle Impressive In NBA

By LEE MUELLER
NEA Sports Writer

NEW YORK — (NEA)—When they talk about breaking in a new center in the National Basketball Association, the literal translation is generally accepted.

Fellows like Zelmo Beaty of Atlanta, Wayne Embry of Milwaukee and Walt Bellamy of New York have done lots of breaking in. Ask Chicago rookie Dave Newmark.

"These guys are all huge and strong," the 7-footer has said. "I know I have a battle every game. It's very rough." Embry belted him, Bellamy elbowed him, Milwaukee's Charley Polk hit him in the mouth and Beaty "used a lot of little dirty maneuvers."

Tom Boerwinkle

Yes, likfe is rough for rookie centers. They must, as New York cab drivers say, assert themselves. Take Chicago's other 7-foot rookie, for example. Tom Boerwinkle has asserted himself.

No one, but no one intimidates the 23-year-old University of Tennessee import. If anything, Boerwinkle and his hulking 270 pounds do a little intimidating themselves.

Watching Boerwinkle shove Boston's John Havlicek into the stands behind the Bull basket the other night, a courtside wag commented: "If that big bozo isn't the NBA's Rookie of the Year, he's certainly the roughest rookie of the year."

With blond hair flapping on his forehead and his two front teeth missing, Boerwinkle is, indeed, an imposing figure. Constructed along the lines of an upright trolley car, he moves with surprising suppleness and without reservation — driving on people like Bill Russell as though he were being guarded by Martha Raye.

Boerwinkle, however, is not mean, not really. "I'm just putting out," he says, smiling and inserting his partial plate. "I'm just trying to do the best I can."

It remains, though, that the alleged roughness of the NBA big men has not impressed Bowerwinkle as much as their speed, cleverness and abilities.

"Honest," he says, "it's not as rough as I thought it was going to be, not as physical. But these fellows are smart. I've really been awed by their talents, their tremendous abilities."

Awed, but not too awed. In his first NBA game, for instance, Boerwinkle scored 19 points and grabbed 21 rebounds. "After that night," he said, "I started to wonder."

The wondering didn't last long, not much longer than it took Zelmo Beaty to knock Boerwinkle's lower lip through his partial plate, in fact.

"I know I've still got a lot of things to learn," he said. "This game is a lot faster than college ball. It takes more concentration, more staminia, more speed, more everything. I'm learning though. I feel like I'm a better basketball player than I was yesterday."

For certain, Boerwinkle is a better player then he was six years ago at Millersburg Military Institute in Kentucky.

"I just played one year of ball in high school," he said, "because I had mononucleosis in the ninth grade and it sort of stayed with me. I was 6-10½ and weighed 205 pounds my senior year. That's pretty thin."

Kentucky coach Adolph Rupp wasn't interested in Boerwinkle at the time, but four years later he visited the Tennessee dressing room after a game.

"Tom," Rupp said, "I never thought you could do it."

Now Boerwinkle is doing it in the best basketball league in the world. Except for the fact that he doesn't fit very well in an airplane seat, he has no complaints.

"It's been a heck of a lot of work," he says, "but I love it, I really do. It's like coach (Dick Motta) says, 'I don't know what would happen if I had to go out and work for a living'."

The secret is Corfam. It keeps its shine (even without polish), sheds water, and is so flexible that it needs no breaking-in.
Thom McAn Corfam dress shoes have flexible leather soles and soft, plump linings. So you feel comfortable as well as well-dressed.
And the quality is Bootmaster. You get the detail and styling you expect in shoes with much higher price tags.

Alan Page Defensive NFL Player

NEW YORK (AP) — Alan Page's pass rush last Sunday helped him win for the 6-foot-4 defensive tackle of the Minnesota Vikings The Associated Press' designation as defensive player of the week in the National Football League.

Washington's passers had been smeared only nine times in seven previous games and Sonny Jurgensen, in particular, had been dumped only six times. Minnesota got to the passer eight times last Sunday in a 27-14 win, plucking Jurgensen seven times and rookie Harry Theofiledes once.

Page, 250-pound former Notre Dame star, smeared Jurgy four times.

Bubba Smith, another second year man, was awarded the game ball by the Baltimore Colts after their 26-0 shutout of the New York Giants. Bubba made one big move to drag down Fran Tarkenton on a broken play and he put pressure on Tarkenton all day.

Sports Quiz

Here is a sports quiz to test the knowledge of area sports fans.

The quiz will appear in the Review every Thursday, along with the answers to the preceding week's quiz and the names of the people who got the most questions right. Winners will receive two tickets to a Pittsburgh Penguins Hockey game of their choice.

The questions are not meant to be easy and pertain in many cases to what is sometimes called "sports trivia". Answers must be received at the Review by noon on Wednesdays, either in person or by mail.

Jack Vodrey of Park Blvd. once again won the quiz, with six right answers. Vodrey did not know that Joe Schultz of Seattle appeared in a pro baseball game at the age of 13, that Leroy Kelly led the Browns in scoring with 42 points after the win over Atlanta, that Harry Walker was the manager injured in a taxi crash near the Pittsburgh Airport and that the Cubs led the NL in fielding in 1968.

Vodrey did know that Canada and Bermuda are the two countries the U.S. must meet in the first round of the World's Cup soccer championships, that Eppie Barney scored for the Browns on a lateral this season, that the Kansas City Royals got Leroy Kelly's brother Pat in the baseball draft, that Penguins' longest winning streak last year was four, at the end of the season, that the Penguins held the edge on Toronto, and that the Penguins shut out Boston.

This week's questions:

1. Who had the longest hitting streak in the majors in 1968?
2. From what team did the Pittsburgh Penguins purchase goalie Les Binkley?
3. What Ohio sportswriter has the same name as a former outstanding college and pro football player?
4. What player whose last name is the same as an Ohio College was a small-college football record-breaker last season?
5. In what league are the Chicago Owls?
6. What Ohio college sports information director has a brother who was a college basketball star last season?
7. Who is considered the most aptly named college lineman in football today?
8. How many major league professional sports teams are there in the U.S. today?
9. When was the last scoreless tie in the NFL?
10. What major college football team went from 1939 through 1961 without a winning season?

Ohio Director Hits Proposed New Federal Highway Plans

COLUMBUS, Ohio (AP) — Proposed new federal highway regulations would take road-building out of the hands of the qualified and place it into the hands of the unqualified, Ohio Highway Director P. E. Masheter charged Wednesday.

Addressing the Ohio Sand and Gravel Association meeting here, Masheter said the new standards would take from state officials the right of decisions and place it into the hand of one federal official.

He said the U.S. Department of Transportation is trying to establish road - building standards "to serve bureaucracy, not people."

Proposed regulations published recently in the Federal Register, Masheter said, call for separate public hearings on corridor and design of highway projects instead of one hearing as required by Ohio law. He said the regulations become effective Nov. 22 unless unified efforts are made to have them nullified.

"Not only would interested persons be able to question whether roads should be built or even widened, the regulations also would require highway departments to consider killing a road project in favor of some other form of transportation, presumably rapid rail transit," he said.

Masheter said opponents of state decisions to proceed with a road project could automatically delay it by appealing to a federal highway administrator.

He said the proposal was an attempt by the Transportation Department to exceed authority granted by the Federal Highway Act of 1968.

None Injured In 3 Crashes

Five cars were damaged in three East Liverpool traffic mishaps Wednesday afternoon and night, but no one was injured, police reported.

A collision at 7:35 at Pennsylvania Ave. and Turner St. involved a 1961 sedan driven by Milton J. Williams, 51, of 990 Monaca St. and a 1968 sedan operated by Betty Harris, 32, of Center Rd., RD 1.

Williams told police he was turning from Pennsylvania Ave. onto Turner St. when the Harris auto backed from the curb and struck his auto. The woman said she did not see Williams' auto.

A mishap on Jennings Ave. at Orchard Grove Ave. at 4:17 involved a 1963 sedan driven by L. Kent Garvey, 26, of McDonald Rd. and a 1966 sedan operated by William E. Sisley, 16, of Sherwood Ave.

Garvey, a deputy sheriff off duty and driving his private car, said he halted on Jennings Ave. at the intersection and his auto was hit from the rear.

Sisley reported he had halted, but as he started to pull forward again a passenger in his car dropped a cigarette lighter. Sisley said when he bent to pick up the lighter, his car hit Garvey's auto. Sisley was cited into Juvenile Court on a charge of failure to stop in the assured clear distance.

The 1963 two - door sedan of Keith W. Brown, 18, of 838 Northside Ave. was damaged in a mishap at 12:11 on Dresden Ave. at Green Ln. He said the right front of his car was damaged as he attempted to pass a tractor - trailer rig that was turning into Green Ln.

Brown said the rig drifted as he was passing and the trailer section bumped his car. The rig was driven by George W. Laney, 31, of Lenoir, N.C., and owned by the Newton Transportation Co., Inc., also of Lenoir, police said.

Central State U. Given $200,000

WILBERFORCE, Ohio (AP) —John H. Bustamante, chairman of the Central State University board of trustees, announced Wednesday the university had received a gift of $200,000.

He noted that the money, given by the Minnesota Foundation, is the largest private grant in the history of the university.

Bustamante, a Cleveland lawyer and chairman of the board for the past five years, said the money was given to assist CSU in acquiring the Wright Apartments, a nearly completed, 50-unit complex adjacent to the campus. The new units will fill the long-felt housing needs of the CSU faculty, staff and married students, he said.

How Can I?

By Anne Ashley

Q.—How can I keep that hard-to-remove substance from gathering on the sides of my pans when boiling sweet potatoes?

A.—A half-teaspoonful of bacon drippings or other grease, added to the water in which your sweet potatoes or other root vegetables are boiled, will do the trick.

Q.—How can I add sparkle to chinaware and glassware when washing it?

A.—By adding three or four tablespoons of vinegar to the hot water in which you rinse these items. This cuts the soapy film and your dishes will be dry and sparkling with only a swish of the towel.

Q.—How can I remove grease and smoke stains from woodwork?

A.—By first painting over the woodwork with a solution of starch and water, then when this has dried, rubbing off with a soft brush or clean cloth.

Q.—How can I treat animal stains on carpeting?

A.—Wipe over the spot immediately with a damp cloth, cover it with dry cornmeal, and leave it for several hours. Then vacuum the carpet. Many other such tips on the care and cleaning of floor coverings are contained in my household manual.

Q.—How can I strengthen glassware and make it less fragile?

A.—Put your glassware into a vessel filled with slightly salted water, which you then allow to come slowly to a boil. The slower your boiling, the hardier your glassware will be.

Q.—How can I effect a good "homemade" ink eradicator?

A.—A solution of one part chlorinated laundry bleach and ten parts of water does a good job of eradicating ink from paper used in the same manner as you do the commercial type of eradicator.

Q.—What can I do when there is too much polish on my furniture?

A.—Wring a soft cloth out in a mixture of ¼-cup vinegar and ½-cup water, rub this over the furniture, then dry immediately with another soft cloth.

Q.—How should woolen materials be pressed?

A.—Press on the wrong side. Use a damp cloth between the iron and the material. Use a moderately hot iron, and apply until the cloth is dry.

Today In History

By The Associated Press

Today is Thursday, Nov. 7, the 312th day of 1968. There are 54 days left in the year.

Today's highlight in history:

On this date in 1805, Lewis and Clark sighted the Pacific, establishing that America was a vast continent stretching between two oceans.

On this date:

In 1811, the battle of Tippecanoe was fought in Indiana.

In 1867, the noted French scientist, Madame Marie Curie, was born.

In 1885, the Canadian Pacific Railway was completed.

In 1917, in Russia, Bolshevik troops occupied government buildings in Petrograd and overthrew the provisional government of Premier Alexander Kerensky. Nikolai Lenin assumed power as head of the government.

In 1916, President Woodrow Wilson was re-elected, defeating former Supreme Court Justice Charles Evan Hughes.

In 1942, Allied troops began the invasion of North Africa in World War II.

Ten years ago — The AFL-CIO said it would seek an increase from $1 to $1.25 in the federal minimum wage.

One year ago — It was disclosed that the American unemployment rate had risen to the highest level in two years.

Junior Editors Quiz on KUWAIT

QUESTION: *Would you tell us about the country of Kuwait?*

* * * *

ANSWER: Look at Arabia in an atlas and you will see the location of the Persian Gulf. At the head of this gulf, you can locate the small country of Kuwait extending a little down the west side. This is a typical Arabian country where the sun sets over a scorching desert silhouetted with the shapes of camels and the tents of their owners (1). The city of Kuwait had for centuries been a trading port in goods which flowed between Europe, Africa and Asia. Then, suddenly, there was a dramatic development. Oil — petroleum — the vital material which fuels the modern world — was discovered under Arabia's desert sands. Kuwait, beginning to probe for oil in 1936, struck it rich. An enormous oil field was discovered within its territory. British and American oil companies obtained concessions to work the field, giving a 50 percent share to the sheik who was the ruler of Kuwait. He became fabulously rich; but, fortunately, used his wealth to develop and modernize his country. Now, proud independent Kuwait is extremely prosperous.

(Thomas Harpole of Beverly, Mass., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)
